Made: January 5, 2012

Filed: January 9, 2012

Prescribed Petroleum Products Prices

Order dated January 5, 2012  
made by the Nova Scotia Utility and Review Board  
pursuant to Section 14 of the *Petroleum Products Pricing Act*  
and Sections 16 to 19 of the *Petroleum Products Pricing Regulations*

**Order**

**NSUARB-GAS-W-12-01**

**In the Matter of the *Petroleum Products Pricing Act***

- and -

**In the Matter of Prescribing Prices for Petroleum Products  
pursuant to Section 14 of the *Petroleum Products Pricing Act* and  
Sections 16 to 19 of the *Petroleum Products Pricing Regulations***

**Before:** Kulvinder S. Dhillon, P. Eng., Member

**Order**

**Whereas** the purpose of the *Petroleum Products Pricing Regulations* is to ensure just and reasonable prices for specified petroleum products taking into consideration the objectives of preserving the availability of such products in rural areas, stabilizing prices of such products and minimizing the variances in prices of such products across the Province;

**And whereas** the Nova Scotia Utility and Review Board ("Board") considered the manner in which it would proceed to set petroleum prices in its decision, 2006 NSUARB 108, issued on October 16, 2006;

**And whereas** the Board revised the retail margin and transportation allowance effective January 6, 2012, in its Decision 2011 NSUARB 181, issued on November 23, 2011;

**And whereas** the average of the average of the daily high and low reported product prices (in Canadian cents) for the week ended January 4, 2012, are:

Grade 1 Regular gasoline	74.0¢ per litre
Ultra-low-sulfur diesel oil	81.1¢ per litre

**Now therefore** the Board prescribes the benchmark prices for petroleum products to be:

Gasoline:	
Grade 1	74.0¢ per litre
Grade 2	77.0¢ per litre
Grade 3	80.0¢ per litre
Ultra-low-sulfur diesel oil	81.1¢ per litre

**And now therefore** the Board has determined, based on historical data regarding price changes and to achieve revenue neutrality, it is appropriate to apply, and the Board so orders, forward averaging corrections of:

Gasoline:	plus 0.6¢ per litre
Ultra-low-sulfur diesel oil:	plus 0.4¢ per litre

**And whereas** a winter blending adjustment of plus 3.1¢ per litre is required for ultra-low-sulfur diesel oil;

**And now therefore** the Board prescribes the prices for petroleum products as set forth in Schedule “A” effective on and after 12:01 a.m., January 6, 2012.

**Dated** at Halifax, Nova Scotia, this 5th day of January, 2012.

Sgd: *Elaine Wagner*  
Clerk of the Board

## General Field Crop Insurance Plans Regulations

**Schedule “A”****Nova Scotia Crop and Livestock Insurance Commission**

I certify that the Nova Scotia Crop and Livestock Insurance Commission, at a meeting held October 13, 2011, passed a motion to

- (a) repeal the regulations respecting general field crop insurance plans, N.S. Reg. 14/69, approved by the Governor in Council by Order in Council 69-178 dated March 4, 1969; and
- (b) make new regulations respecting general field crop insurance plans in the form attached.

The repeal and making of regulations referred to above are effective on and after the date the new regulations are approved by the Governor in Council.

Dated and signed at Truro, Nova Scotia, October 20/11.

Nova Scotia Crop and Livestock Insurance Commission

Per: sgd.: *Bill MacLeod*  
Bill MacLeod, CEO

**Regulations Respecting General Field Crop Insurance Plans  
made by the Nova Scotia Crop and Livestock Insurance Commission  
under Section 6 of Chapter 113 of the Revised Statutes of Nova Scotia, 1989,  
the *Crop and Livestock Insurance Act***

**Citation**

1 These regulations may be cited as the *General Field Crop Insurance Plans Regulations*.

**Regulations apply to all plans**

- 2 (1) These regulations, including the terms and conditions set out in the Contract of Insurance in Form 1, apply generally to all plans.
- (2) If a plan is inconsistent with these regulations, including the terms and conditions set out in the Contract of Insurance in Form 1, these regulations prevail, unless expressly stated otherwise in these regulations.

**Designation of insurable persons**

3 A person who owns and operates or leases and operates a farm in the Province and who produces an insurable crop on the farm is designated as an insurable person for the purpose of a plan established for the insurable crop.

**Application for insurance**

- 4 (1) To enter into a contract of insurance under a plan or plans, an insurable person must apply to the Commission on a contract of insurance application form provided by the Commission.
- (2) An application for a contract of insurance must be
- (a) accompanied by a premium deposit of at least \$50 for each plan under which the applicant is seeking insurance, or payment in the amount otherwise specified in the plan or plans; and
  - (b) filed with the Commission
    - (i) before the 1st day of the 1st crop year for which the contract of insurance is to be in force; or
    - (ii) no later than the date specified in the applicable plan.

**Commission may refuse to make contract**

- 5 (1) The Commission may refuse to make a contract of insurance with an applicant for crop insurance.
- (2) If the Commission refuses to make a contract of insurance, it must refund to the applicant the premium deposit or payment that accompanied the application.

**Form and delivery of contract of insurance**

- 6** (1) On accepting an insurable person's application for crop insurance, the Commission must deliver a copy of the contract of insurance to the insured person, and the insured person is then deemed to have notice of and be bound by the terms and conditions of the contract.
- (2) A contract of insurance consists of all of the following:
- (a) a Contract of Insurance in Form 1;
  - (b) a completed application form filed under Section 4;
  - (c) a copy of the applicable plan or plans;
  - (d) a copy of these regulations.
- (3) A Contract of Insurance in Form 1 must be signed on behalf of the Commission by the Executive Secretary or an authorized member of the Commission, and countersigned by an authorized representative of the Commission.
- (4) If a document referred to in subsection (2) is subsequently amended while the contract of insurance is still in force, the contract of insurance remains in force as amended, and a copy of the amendment must be delivered to the insured person.

**Arbitration**

- 7** (1) If the Commission and an insured person fail to resolve a dispute arising out of a loss adjustment under a contract of insurance, and the insured person has filed a proof of loss form as required by their contract of insurance, either party may request that the dispute be determined by arbitration in accordance with the *Arbitration Proceedings Regulations* made under the *Crop and Livestock Insurance Act*.
- (2) A request for arbitration must be made by notice in writing to the other party and to the Crop and Livestock Insurance Arbitration Board no later than 90 days after the end of the crop year in which the loss occurred.

**Form 1: Contract of Insurance**  
*Crop and Livestock Insurance Act, clause 6(1)(d)*  
*General Field Crop Insurance Plans Regulations, clause 6(2)(a)*

**Contract of Insurance** ("Contract")

Contract #:

**Between:**

The Nova Scotia Crop and Livestock Insurance Commission  
 (the "Commission")

**of the first part**

- and -

, of , in the County of ,  
 Nova Scotia, (the "Insured Person")

**of the second part**

**Whereas** the *Crop and Livestock Insurance Act* (the “Act”) gives the Commission the power to administer insurance plans established by regulation for designated insurable crops;

**And whereas** the plan for an insurable crop (the “Plan”) provides for insurance against a loss in the production of that crop resulting from one or more of the perils designated in the Plan;

**And whereas** the Commission and the Insured Person have entered into this Contract of Insurance to insure the crops offered by the Insured Person and accepted by the Commission for insurance (the “Insured Crops”) in each crop year while this Contract is in force, in accordance with the applicable Plan or Plans and the *General Field Crop Insurance Plans Regulations* made under the Act (the “General Regulations”);

**Now therefore**, subject to the Act, the General Regulations, the applicable Plan or Plans, and the conditions set forth in this Contract, if in a crop year the Insured Person suffers loss of or damage to an Insured Crop from one or more of the perils designated in the applicable Plan or Plans, the Commission agrees to indemnify the Insured Person in respect of the loss.

### Terms and Conditions

#### Extent of coverage

- 1 (1) This Contract applies to the area of each Insured Crop, as specified in the Certificate of Insurance issued by the Commission to the Insured Person in each crop year.
- (2) This Contract does not apply to acreage
  - (a) that has not been adequately prepared or managed for cropping purposes;
  - (b) that was seeded or planted after the final date specified for that purpose in the applicable Plan;
  - (c) that was seeded or planted to a variety of crop that is not accepted by the Commission;
  - (d) on which the crop is a volunteer crop; or
  - (e) that in the Commission’s opinion is not insurable.

#### Causes of loss or damage not insured against

- 2 (1) This Contract does not insure against, and no indemnity is payable in respect of, loss or damage to an Insured Crop if the Commission determines that the damage or loss resulted from
  - (a) the negligence or misconduct of the Insured Person or an agent or employee of the Insured Person; or
  - (b) a peril other than a peril designated in the applicable Plan.
- (2) Unless provided in the applicable Plan, no indemnity is payable for storage losses after harvest.

#### Duration of contract

- 3 Unless otherwise provided in the applicable Plan, this Contract is in force for the crop year for which it is made and continues in force for each crop year after that, until it is cancelled or terminated in accordance with Section 4 or 5.

#### Cancelling insurance

- 4 (1) Insurance under this Contract may be cancelled

- (a) by the Insured Person or the Commission by notice in writing to the other party no later than the date specified in the applicable Plan for the crop year for which the cancellation is to be effective; or
  - (b) as otherwise provided in the applicable Plan.
- (2) The Commission may cancel insurance under this Contract at any time by notice in writing to the Insured Person if the Insured Person is in arrears in paying any premium required for that insurance.
- (3) If the Insured Person is covered under more than one Plan by this Contract,
- (a) insurance under one or more of those Plans may be cancelled in accordance with this Section;
  - (b) if the insurance under any of those Plans is cancelled, the insurance not cancelled remains in effect under this Contract; and
  - (c) if the insurance under all of those Plans is cancelled, this Contract is also cancelled.

**Contract terminates on bankruptcy or death**

- 5 (1) This Contract terminates at the end of any crop year in which the Insured Person makes an authorized assignment under the *Bankruptcy Act* (Canada).
- (2) This Contract terminates at the end of the crop year in which the Insured Person dies, but the Commission may extend this Contract to the estate of the Insured Person at the request of a person who is a personal representative of the Insured Person within the meaning of the *Probate Act*.

**Actions that will invalidate claim**

- 6 A claim by the Insured Person under this Contract will be invalid and their right to recover the indemnity forfeited if the Insured Person does any of the following:
- (a) in their application for insurance and any information provided to the Commission,
    - (i) gives false particulars to the prejudice of the Commission, or
    - (ii) knowingly misrepresents or fails to disclose information required by the Commission;
  - (b) contravenes a term or condition of this Contract;
  - (c) commits a fraud;
  - (d) willfully makes a false statement in respect of the claim.

**Interest of insured person deemed to be full value of coverage**

- 7 Even if a person other than the Insured Person holds an interest of any kind in an Insured Crop, for the purposes of this Contract,
- (a) the interest of the Insured Person is deemed to be the full value of the total coverage provided; and
  - (b) unless the Insured Person makes an assignment under Section 8, no indemnity will be paid to any person other than the Insured Person.

**Insured Person may assign right to be indemnified**

- 8 The Insured Person may assign all or part of their right to be indemnified under this Contract, but an assignment is not binding on the Commission and no payment of indemnity will be made to an assignee unless
- (a) the assignment is made on a form provided by the Commission; and
  - (b) the Commission consents to the assignment in writing.

**Notice of loss or damage**

- 9 (1) Subject to any specific provisions in the applicable Plan, if there is loss of or damage to an Insured Crop and the Insured Person intends to abandon or destroy the Insured Crop, or to reseed or use the seeded acreage for another purpose, the Insured Person must notify the Commission in writing of their intention and must take no further action without the consent in writing of the Commission.
- (2) If loss of or damage to an Insured Crop occurs at a readily ascertainable time in the field or, if provided for in the applicable Plan, in storage, the Insured Person must notify the Commission in writing within 5 days of that time or as otherwise provided in the applicable Plan.
- (3) If there is loss of or damage to an Insured Crop and it appears to the Insured Person that the potential production of the Insured Crop will be less than the total guaranteed production, the Insured Person must notify the Commission in writing early enough before the harvesting of the Insured Crop to enable the Commission to make a pre-harvest inspection of the Insured Crop.
- (4) Despite any notice given by the Insured Person under this Section, the Insured Person must notify the Commission in writing within 5 days of completing the harvesting of an Insured Crop if, on completing the harvesting
- (a) the actual production is less than the total guaranteed production; and
  - (b) the loss in production resulted from one or more of the perils insured against.

**Abandonment, destruction or alternate use**

- 10 Subject to any specific provisions in the applicable Plan,
- (a) no acreage seeded to an Insured Crop may be put to another use and no Insured Crop may be abandoned or destroyed until the Commission has appraised the potential production of the acreage; and
  - (b) an appraisal made under clause (a) will not be taken into account in the final adjustment of loss if the Insured Person harvests the appraised acreage.

**Notice of claim**

- 11 (1) A claim for indemnity under this Contract must be filed with the Commission on a proof of loss form provided by the Commission.
- (2) A proof of loss form must be filed no later than
- (a) 30 days after the earlier of
    - (i) the completion of harvesting of the Insured Crop, and
    - (ii) the end of the crop year in which the loss occurred; or

- (b) the date specified in the applicable Plan.
- (3) Except as provided in subsection (4), a claim for indemnity must be made by the Insured Person.
- (4) A claim for indemnity may be made
  - (a) in the absence or inability of the Insured Person, by their agent; or
  - (b) in the absence or inability of the Insured Person, or on their failure or refusal to do so, by an assignee under an assignment made in accordance with Section 7[8].

**Adjustment of loss**

- 12 (1) The indemnity payable for loss of or damage to an Insured Crop will be determined in the manner specified in the applicable Plan.
- (2) The Commission may cause the actual production and any loss to be appraised by any method it considers proper.
  - (3) The Commission reserves the right to not pay an indemnity in respect of an Insured Crop until the loss or damage has been seen and confirmed by a field agent or other person designated by the Commission.
  - (4) No indemnity will be paid for a loss in respect of an Insured Crop unless the Insured Person establishes
    - (a) the actual production obtained from the Insured Crop for the crop year; and
    - (b) that the loss in production in the crop year resulted directly from one or more of the perils insured against.
  - (5) The loss of any Insured Crop and the amount of indemnity payable will be determined separately for each Insured Crop unless otherwise provided in the applicable Plan.

**Other compensation payments**

- 13 If a claim is made under this Contract, the Commission is liable only to the extent of the indemnity payable under the applicable Plan and is not liable for any additional compensation or reimbursement that may be claimed by the Insured Person or any other person with respect to the Insured Crop, including reimbursement for salvage expenses.

**Payment of indemnity**

- 14 (1) No indemnity under this Contract becomes due and payable until the end of the crop year in which the loss or damage occurred.
- (2) If an indemnity becomes due and payable under this Contract and the Insured Person has not yet paid a premium or other outstanding sum owed to the Commission, the Commission may deduct the amount of that premium or other sum from the indemnity to be paid to the Insured Person.
  - (3) Before the Commission pays an indemnity under this Contract, the Insured Person must file a claim release with the Commission, on a claim release form provided by the Commission.

**Subrogation**

- 15 If the Commission pays an indemnity to the Insured Person or their assignee, all rights of the Insured Person or their assignee to claim against any other party responsible for the loss or damage to the extent of

the amount of the indemnity paid are hereby assigned to the Commission, and the Commission may claim against that party for the full amount paid in the name of the Insured Person.

**Access to records**

16 At any time, the Commission may require the Insured Person to keep or cause to be kept any records of crop production and crop sales and other crop uses that the Commission specifies, and the Insured Person must make the records available to the Commission on demand.

**Right of entry**

- 17 (1) The Commission has a right of entry to the premises of the Insured Person that may be exercised by agents of the Commission at any reasonable time for any purpose related to this Contract.
- (2) The Insured Person must allow the Commission to enter their premises when the Commission exercises its right of entry under this Section.

**Notice**

- 18 (1) Written notice to the Commission must be given by personal delivery or by mail to the Commission.
- (2) Written notice to the Insured Person must be given by personal delivery or by mail addressed to the Insured Person at the most recent mailing address shown in the Commission’s records for the Insured Person.

**Waiver or alteration**

19 No term or condition of this Contract will be considered waived or altered in whole or in part by the Commission unless the waiver or alteration is clearly expressed in writing and signed by the Commission or a representative authorized for that purpose by the Commission.

IN WITNESS WHEREOF, the Nova Scotia Crop and Livestock Insurance Commission has caused this Contract of Insurance to be signed by the Executive Secretary/an authorized member of the Commission and countersigned by a duly authorized representative of the Commission.

Prescribed Petroleum Products Prices

Order dated January 12, 2012  
made by the Nova Scotia Utility and Review Board  
pursuant to Section 14 of the *Petroleum Products Pricing Act*  
and Sections 16 to 19 of the *Petroleum Products Pricing Regulations*

**Order****NSUARB-GAS-W-12-02****In the Matter of the *Petroleum Products Pricing Act*****- and -****In the Matter of Prescribing Prices for Petroleum Products  
pursuant to Section 14 of the *Petroleum Products Pricing Act* and  
Sections 16 to 19 of the *Petroleum Products Pricing Regulations*****Before:** Murray E. Doehler, CA, P. Eng., Member**Order**

**Whereas** the purpose of the *Petroleum Products Pricing Regulations* is to ensure just and reasonable prices for specified petroleum products taking into consideration the objectives of preserving the availability of such products in rural areas, stabilizing prices of such products and minimizing the variances in prices of such products across the Province;

**And whereas** the Nova Scotia Utility and Review Board (“Board”) considered the manner in which it would proceed to set petroleum prices in its decision, 2006 NSUARB 108, issued on October 16, 2006;

**And whereas** the Board revised the retail margin and transportation allowance effective January 6, 2012, in its Decision 2011 NSUARB 181, issued on November 23, 2011;

**And whereas** the average of the average of the daily high and low reported product prices (in Canadian cents) for the week ended January 11, 2012, are:

Grade 1 Regular gasoline	74.9¢ per litre
Ultra-low-sulfur diesel oil	83.4¢ per litre

**Now therefore** the Board prescribes the benchmark prices for petroleum products to be:

Gasoline:	
Grade 1	74.9¢ per litre
Grade 2	77.9¢ per litre
Grade 3	80.9¢ per litre
Ultra-low-sulfur diesel oil	83.4¢ per litre

**And now therefore** the Board has determined, based on historical data regarding price changes and to achieve revenue neutrality, it is appropriate to apply, and the Board so orders, forward averaging corrections of:

Gasoline:	plus 0.7¢ per litre
Ultra-low-sulfur diesel oil:	plus 0.9¢ per litre

**And whereas** a winter blending adjustment of plus 4.0¢ per litre is required for ultra-low-sulfur diesel oil;

**And now therefore** the Board prescribes the prices for petroleum products as set forth in Schedule “A” effective on and after 12:01 a.m., January 13, 2012.

Dated at Halifax, Nova Scotia, this 12th day of January, 2012.

**Part 1: Environment Act****Filing fees for remediation reports**

- 2 (1) In this Section, a “remediation report” includes any report filed with the Department that documents a risk assessment, site management, or site remediation of a residual contamination on a site regardless of whether or not active site remediation was necessary.
- (2) The types of remediation reports are as follows:
- (a) Type A – a remediation report for a domestic fuel oil spill, if the report is either
    - (i) criteria-based, or
    - (ii) Tier I risk assessment or remediation;
  - (b) Type B – a remediation report for a domestic fuel oil spill, if the report is either
    - (i) Tier II risk assessment or remediation, or
    - (ii) Tier III risk assessment or remediation;
  - (c) Type C – a remediation report for a non-domestic site, if the report is either:
    - (i) criteria-based, or
    - (ii) Tier I risk assessment or remediation;
  - (d) Type D – a remediation report for a non-domestic site with a single contaminant of concern if the report, with risk-based corrective action, is either
    - (i) Tier II risk assessment or remediation, or
    - (ii) Tier III risk assessment or remediationand the report has no use restrictions, no controls and no off-site impacts;
  - (e) Type E – a remediation report for a non-domestic site with multiple contaminants of concern if the report, with risk-based corrective action, is either
    - (i) Tier II risk assessment or remediation, or
    - (ii) Tier III risk assessment or remediationand the report has no use restrictions, no controls and no off-site impacts;
  - (f) Type F – a remediation report for a non-domestic site if the report, with risk-based corrective action, is either
    - (i) Tier II risk assessment or remediation, or
    - (ii) Tier III risk assessment or remediationand the report has use restrictions, controls or off-site impacts.

- (3) The filing fees for a report on the remediation of contaminated sites and releases under Part VI and Part VIII of the *Environment Act*, by the type of report identified in subsection (2), are as set out in the following table:

**Table 1**  
**Remediation Report Filing Fees**

Type of Remediation Report	Filing Fee
Type A	\$137.29
Type B	\$285.83
Type C	\$285.83
Type D	\$628.84
Type E	\$943.30
Type F	\$1400.61

- (4) If a remediation report does not adequately demonstrate that the requirements of the Department are met and a new report is required by the Department, the filing fee prescribed in subsection (3) must be repaid in full when the report is re-filed.
- (5) Confirmatory monitoring conditions may be included in a Record of Site Compliance, Certificate of Compliance or other conditional release from site action requirements, and if the person responsible asks the Department to be formally released from further confirmatory monitoring obligations, the applicable fee prescribed in subsection (3) must be paid in full to the Department.

#### **Fee for request for information from the environmental registry**

- 3 The fee for a request for information from the environmental registry established under Section 10 of the *Environment Act* is \$24.36 for each civic address submitted for a search.

#### **Industrial air emission fees**

- 4 (1) In this Section, “pollutants” means a total release to air including any one of or combination of the following:
- (a) sulphur dioxide;
  - (b) particulate matter, which includes reported annual emissions of total particulate matter, PM<sub>10</sub>, or PM<sub>2.5</sub>, whichever is greatest;
  - (c) other releases to air, as listed in subsection (2).
- (2) The other releases to air referred to in clause (1)(c) are as set out in the following table:

**Table 2**  
**Other Releases to Air Pollutants**

ammonia (total)	volatile organic compounds (VOCs), including:	-dibutyl phthalate
antimony and its compounds	-1, 2, 4-trimethylbenzene	-dichloromethane
carbon monoxide	-7H-dibenzo(c,g)carbazole	-ethylbenzene
chlorine	-acetaldehyde	-ethylene
chromium and its compounds	-benzene	-ethylene glycol
cobalt and its compounds	-benzo(a)anthracene	-flouranthene
copper and its compounds	-benzo(a)phenanthrene	-formaldehyde
cresol (mixed isomers and their salts)	-benzo(a)pyrene	-isopropyl alcohol
di-ethanolamine and its salts	-benzo(b)flouranthene	-methanol
hydrochloric acid	-benzo(e)pyrene	-naphthalene
hydrogen cyanide	-benzo(g,h,i)perylene	-n-hexane
hydrogen sulphide	-benzo(j)flouranthene	-perylene
manganese and its compounds	-benzo(k)flouranthene	-phenanthrene
nickel and its compounds	-biphenyl	-phenol and its salts
oxides of nitrogen (NO <sub>2</sub> )	-chloromethane	-propylene
phosphorus (total)	-cumene	-pyrene
selenium and its compounds	-cyclohexane	-styrene
sulphuric acid	-dibenz(a,j)acridine	-toluene
vanadium (except when in an alloy) and its compounds	-dibenzo(a,h)anthracene	-trichloroethylene
zinc and its compounds	-dibenzo(a,i)pyrene	-xylene (all isomers)

- (3) The industrial air emission fees per year for facilities in Nova Scotia are based on the rates set out in the following table:

**Table 3**  
**Industrial Air Emission Fees**

<b>Class</b>	<b>Threshold</b> (tonnes of pollutants/year)	<b>Rate</b> (per tonne of pollutants)
1	≥30	\$6.74/tonne
2	<30	no fee

**Application fee for appeal to Minister**

- 5 The application fee for a person who is aggrieved to appeal to the Minister under Section 137 of the *Environment Act* is \$100.00.

## Part 2: Regulations made under the *Environment Act*

### *Activities Designation Regulations*

#### **Application fee for Division I water (water withdrawal) approval or renewal**

- 6** (1) Except as provided in subsection (2), the application fee for an initial water withdrawal approval or for a renewal of the approval for each term as required under clause 5(1)(a) of Division I of the *Activities Designation Regulations* is \$304.42.
- (2) The application fee in subsection (1) does not apply to agriculture, aquaculture or recreational water withdrawal activities.

#### **Annual administration fee for Division I water (water withdrawal) approval**

**7** The administration fee per year for a water withdrawal approval holder, under clause 5(1)(a) of Division I of the *Activities Designation Regulations*, by category of use of water withdrawal approval is as follows:

- (a) Category I – for hydroelectric use ..... \$608.84
- (b) Category II – for domestic, industrial, bottled water, or  
public drinking water supply use ..... \$243.53

#### **Annual approval to use fee for Division I water (water withdrawal) approval**

**8** (1) In addition to the administrative fee in Section 7, subject to the minimum annual approval to use fee set out in subsection (2), and except as provided in subsections (3) and (4), the approval to use fee per year for a water withdrawal approval holder, under clause 5(1)(a) of Division I of the *Activities Designation Regulations* is as follows:

- (a) for municipal, recreational, industrial or domestic purposes, the approval to use fee is the total of all amounts calculated as follows:
- (i) for each 1 000 000 L per day up to 2 000 000 L ..... \$133.95
- (ii) plus for each additional 1 000 000 L per day over  
2 000 000 L and up to 9 000 000 L ..... \$139.93
- (iii) plus for each additional 1 000 000 L per day over  
9 000 000 L and up to 27 000 000 L ..... \$152.20
- (iv) plus for each additional 1 000 000 L per day over  
27 000 000 L and up to 90 000 000 L ..... \$158.29
- (v) plus for each additional 1 000 000 L per day over  
90 000 000 L ..... \$164.39
- (b) for a fish farming or a fish hatchery operation use, the approval to use fee is 20% of the amount determined under clause (a);
- (c) for hydroelectric power generation use, the approval to use fee is calculated at the rate of \$1.94 per horsepower of rated hydraulic capacity.
- (2) Except as provided in subsections (3) and (4), the minimum approval to use fee per year for a water withdrawal approval is \$60.67.

- (3) The holder of a water withdrawal approval authorizing the use of water for agriculture, conservation, or beautification purposes is exempt from the approval to use fee.
- (4) To retain a water withdrawal approval if the approval holder temporarily suspends their use of water for more than 90 days, the approval to use fee per year may be reduced to the greater of
  - (a) 10% of the amount calculated under subsection (1); and
  - (b) \$243.53.
- (5) The fee reduction provided for in subsection (4) does not apply to a water withdrawal approval that authorizes water withdrawal for use only during one season of the year.

**Application fee for Division I water (non-water withdrawal) approval or renewal**

- 9 (1) The activities requiring a Division I water (non-water withdrawal) approval and included in the categories referred to in subsections (2) and (3) are as set out in the following table:

**Table 4  
Categories of Non-Water Withdrawal Activities**

**Category I activities:**

construction or maintenance of a culvert	construction or maintenance of a wharf	placement of a rock or other erosion protection material in a surface watercourse
construction or maintenance of a bridge where: (i) a portion of the structure of the bridge is in a watercourse, or  (ii) the use of equipment in the watercourse or 3 m from the edge of the watercourse is required	construction or maintenance of a weir, fishway or other in-stream structure	installation or maintenance of fishing equipment, a fish-way, a counting fence, a fish habitat improvement structure, an aquaculture cage or any similar structure in a watercourse

**Category II activities:**

Any other alteration of a surface watercourse or the flow of the water in a surface watercourse requiring a Division I water (non-water withdrawal) approval which is not listed as activity under another category.

- (2) Except as provided in subsection (3), the application fees for an initial water approval or for a renewal of the approval for each term as required under Division I of the *Activities Designation Regulations*, other than for a water withdrawal approval under clause 5(1)(a), by category of water (non-water withdrawal) approval are as follows:
  - (a) Category I ..... \$114.33
  - (b) Category II ..... \$285.83
- (3) The application fee set out in subsection (2) does not apply to an application by the Department of Transportation and Infrastructure Renewal.

**Application fee for Division IV salvage yard approval or renewal**

**10** The application fee for an initial salvage yard approval or a renewal of the approval for ten years under Division IV of the *Activities Designation Regulations* is \$302.90.

**Application fees for Division V industrial approval or renewal**

**11 (1)** The activities requiring an industrial approval as listed in the “Parts” under the Division V-Industrial Approvals provisions of the *Activities Designation Regulations* and included in the categories referred to in subsection (2) are as set out in the following table:

**Table 5**  
**Categories of Activities Requiring Industrial Approval**

**Category I activities:**

<b>Part 1: Chemical plants</b> - chemical manufacturing - fertilizer manufacturing - explosives manufacturing - pesticide manufacturing - petrochemical manufacturing - coke or carbon manufacturing - pharmaceutical manufacturing	<b>Part 2: Construction</b> - cement plant	<b>Part 3: Food or fish and Animal By-product[s]</b> - fish meal plant
<b>Part 4: Metal[s]</b> - iron and steel mill	<b>Part 5: Mineral[s]</b> - mineral processing plant	<b>Part 6: Oil and Gas</b> - oil refinery - natural gas processing plant
<b>Part 7: Wood Product[s] plants</b> - pulp manufacturing - pulp and paper manufacturing - wood treatment	<b>Part 8: Primary Manufacturing plants</b> - textile manufacturing - tire manufacturing	<b>Part 9: Power Plants</b> - power plant
<b>Part 11: Biotechnology</b> - biotechnology products manufacturing plant	<b>Part 12: Miscellaneous</b> - industrial incinerator - industrial landfill	

**Category II activities:**

An activity designated in the Division V industrial approvals under the *Activities Designation Regulations* which is not listed as an activity under another category.

**Category III activities:**

<b>Part 1: Chemical</b> - fertilizer storage facility - industrial cleaners manufacturing facility	<b>Part 2: Construction</b> - asphalt paving plant - stationary ready mix concrete plant - pit - topsoil removal operation	<b>Part 3: Food or Fish and Animal By-products</b> - inland fish processing plant - fish silage operation
--	--	---

<p><b>Part 5: Minerals</b>                  - bulk sample site                  - bulk solids handling loadout facility</p>	<p><b>Part 6: Oil and Gas</b>                  - brine storage pond                  - used oil collection facility with storage capacity of less than 50 000 L (otherwise under category II)</p>	<p><b>Part 12: Miscellaneous</b>                  - crematorium                  - cemetery</p>
---	---	---

(2) The application fee for an initial industrial approval or for a renewal of the approval for each term as required under Division V of the *Activities Designation Regulations* is as follows:

- (a) Category I ..... \$7914.91
- (b) Category II ..... \$3044.19
- (c) Category III ..... \$1217.68

***Environmental Assessment Regulations***

**Fees for undertakings requiring environmental assessments**

12 (1) The undertakings requiring environmental assessments and included in the categories referred to in subsection (2), are as set out in the following table:

**Table 6  
 Categories of Undertakings Requiring Environmental Assessment**

**Category I undertakings:**

An undertaking designated as a “class II undertaking” as listed in Schedule “A” to the *Environmental Assessment Regulations*.

**Category II undertakings:**

An undertaking designated as a “class I undertaking” as listed in Schedule “A” to the *Environmental Assessment Regulations* except if the undertaking is set out as a Category III undertaking.

**Category III undertakings:**

A facility for manufacturing wood products that are pressure-treated with chemical products designated as a “class I undertaking” under Section 2 of Part A: Industrial facilities of the Class I Undertakings as listed in Schedule “A” to the *Environmental Assessment Regulations*.

An undertaking designated as a “class I undertaking” under Part E: Waste management of the Class I Undertakings as listed in Schedule “A” to the *Environmental Assessment Regulations*.

An undertaking designated as a “class I undertaking” under Part F: Other of the Class I Undertakings as listed in Schedule “A” to the *Environmental Assessment Regulations*.

(2) The fees for a undertaking requiring an assessments under the *Environmental Assessment Regulations* are as follows:

- (a) Category I undertaking registration ..... \$15 829.81
- (b) Category II undertaking registration ..... \$10 228.50

- (c) Category III undertaking registration . . . . . \$5844.86
  - (d) approval transfer . . . . . \$608.27
  - (e) focus report . . . . . \$6088.38
  - (f) environmental assessment report . . . . . \$15 829.81
  - (g) additional information request . . . . . 1/2 registration fee
- (3) The approval transfer fee set out in clause (2)(d) applies if an approval is transferred from one proponent to another.
- (4) The fees set out in clauses (2)(e), (f) and (g) apply only to Category II and III undertakings and only if the Minister decides that the report or information is required.
- (5) In addition to the fees set out in subsection (2), a proponent is responsible for
- (a) all costs associated with Environmental Assessment Board reviews and hearings; and
  - (b) all costs associated with joint Federal-Provincial environmental assessment panels.

#### *Motive Fuel and Fuel Oil Approval Regulations*

#### **Application fee for initial motive fuel and fuel oil approval**

**13** The application fee for an initial motive fuel and fuel oil approval for one year under the *Motive Fuel and Fuel Oil Approval Regulations* is as follows:

- (a) motive fuel wholesaler . . . . . \$1829.37
- (b) motive fuel retailer . . . . . \$121.76
- (c) fuel oil wholesaler or fuel oil retailer . . . . . \$121.76

#### **Transfer and amendment fee**

**14** The fee for a transfer of or an amendment to any approval under the *Motive Fuel and Fuel Oil Approval Regulations* is \$121.76.

#### **Application fee for renewal of motive fuel wholesaler approval**

- 15** (1) Subject to the minimum application fee set out in subsection (2), the application fee for a renewal of a motive fuel wholesaler approval per year under the *Motive Fuel and Fuel Oil Approval Regulations* is calculated based on the total motive fuel volume sold at the rate per litre of \$0.000414.
- (2) The minimum fee for applying to renew a motive fuel wholesaler approval per year is \$1829.37.

#### **Application fee for renewal of motive fuel retailer approval**

**16** The application fee for a renewal of a motive fuel retailer approval per year under the *Motive Fuel and Fuel Oil Approval Regulations* is calculated based on the number of motive fuel nozzles under the approval at the rate per nozzle of \$24.35.

**Application fee for renewal of fuel oil approval**

- 17 (1) Except as provided for in subsection (3), the application fee for the renewal of a fuel oil approval per year, either wholesale or retail, is as follows:
- (a) if the volume is less than 50 000 L ..... \$12.17
  - (b) if the volume is greater than 50 000 L, subject to the minimum fee set out in subsection (2), the application fee for the renewal of a fuel oil wholesaler or fuel oil retailer approval per year under the *Motive Fuel and Fuel Oil Regulations* is calculated based on the total fuel oil volume sold at the rate per litre of \$0.000118.
- (2) The minimum application fee for applying to renew a fuel oil wholesaler or fuel oil retailer approval per year for a volume greater than 50 000 L is \$121.76.
- (3) The application fee for the renewal of a fuel oil retailer approval is waived if the applicant is also applying to renew a fuel oil wholesaler approval.

***On-site Sewage Disposal Systems Regulations***

**Fee for reviewing subdivision report**

- 18 The fees for reviewing a subdivision report are as follows:
- (a) for a subdivision with fewer than 3 lots ..... no charge
  - (b) for a subdivision with at least 3 lots and no more than 10 lots ..... \$213.22
  - (c) for a subdivision with more than 10 lots ..... \$578.54

**Application fee for on-site sewage installer certificate of qualification or renewal**

19 The application fee for an initial on-site sewage installer certificate of qualification or for a renewal of the certificate of qualification per year as required under the *On-site Sewage Disposal Regulations* is \$152.35.

**Application fee for on-site sewage disposal system approval or renewal**

20 The application fee for an initial on-site sewage disposal system approval, for installation within in a specified term, or for a renewal of the approval as required under the *On-site Sewage Disposal Systems Regulations* is \$60.87.

***Pesticide Regulations***

**Application fee for pesticide certificate of qualification or renewal**

- 21 (1) Subject to the reduced fee for applications for additional certificates of qualification provided for in subsection (2), the application fee for an initial certificate of qualification or a renewal of the certificate of qualification for five years and by class of certificate of qualification as established under the *Pesticide Regulations* are as follows:
- (a) Class I – Vendor ..... \$60.87
  - (b) Class II – Structural ..... \$60.87
  - (c) Class III (A) – Forestry ..... \$60.87
  - (d) Class III (B) – Greenhouse ..... \$60.87

- (e) Class III (C) – Industrial Vegetation ..... \$60.87
  - (f) Class III (D) – Landscape ..... \$60.87
  - (g) Class IV – Mosquito and Biting Fly ..... \$60.87
  - (h) Class V – Aquatic Vegetation ..... \$60.87
  - (i) Class VI – Fumigation ..... \$60.87
  - (j) Class VII – Aerial ..... \$60.87
  - (k) Class VIII – Agricultural ..... \$60.87
  - (l) Class X – Special ..... \$60.87
- (2) If a person applies for more than one class of pesticide certificate of qualification or renewal, the fee is \$60.87 for the first application plus \$12.17 for each additional class applied for.
- (3) The application fee for an initial certificate of qualification or a renewal of the certificate of qualification for a one-year period for a Class IX – Business Operator under the *Pesticide Regulations* is \$30.29.

**Application fee for pesticide approval or renewal**

22 The application fees for an initial pesticide approval or a renewal of the approval as required under Division II of the *Activities Designation Regulations* and the *Pesticide Regulations* are as follows:

- (a) a pesticide (non-forestry) approval for an area up to 20 ha ..... \$121.76  
 plus add for each additional ha over 20 ha ..... \$4.86
- (b) a pesticide (forestry) approval for an area up to 6 ha ..... \$60.87  
 plus add for each additional ha over 6 ha ..... \$4.86

***Petroleum Management Regulations***

Annual registration fees for petroleum storage tank or system

23 (1) Subject to the fee reduction provided for in subsection (2), the registration fees per year for a petroleum storage tank or a petroleum storage tank system that is either:

- (i) an underground tank with a nominal capacity of 2000 L or greater, or
- (ii) an above ground tanks with a nominal capacity of 4000 L or greater,

are as follows:

- (a) at a bulk plant ..... \$121.76
- (b) at a motive fuel outlet ..... \$121.76
- (c) at an industrial facility ..... \$121.76
- (d) at a commercial facility ..... \$121.76
- (e) at a marina ..... \$121.76

- (f) at a government facility ..... \$60.87
- (2) The registration fee per year for a petroleum storage tank or petroleum storage tank system is reduced by 50% if the person registering the tank or system voluntarily obtains and provides proof of insurance coverage for a leak or release from the tank or system which is acceptable to the Department.

**Used Oil Regulations**

**Application fees for a used oil collector approval or renewal**

- 24 (1) Subject to the minimum application fee set out in subsection (2), the application fees for an initial used oil collector approval or for a renewal of the approval as required under the *Used Oil Regulations* are as follows:
  - (a) for facility with storage capacity of less than 50 000 L ..... \$121.76
  - (b) for facility with storage capacity of greater than 50 000 L ..... \$0.002435/L
- (2) The minimum application fee for a used oil collector approval or renewal is \$121.76.

**Water and Wastewater Facilities and Public Drinking Water Supplies Regulations**

**Application fee for facility classification or reclassification**

- 25 The application fee for a water and wastewater facility classification or re-classification as required under the *Water and Wastewater Facilities and Public Drinking Water Supplies Regulations* is \$121.76.

**Examination fee for operator in training operator certification exam**

- 26 The examination fee for the writing of the exam for an operator in training operator certification under the *Water and Wastewater Facilities and Public Drinking Water Supplies Regulations* is \$25.00.

**Application fees for operator certification certificate or renewal**

- 27 The application fees for an initial operator certification certificate or a renewal of the operator certification certificate for four years as required under the *Water and Wastewater Facilities and Public Drinking Water Supplies Regulations* for all types are as follows:
  - (a) initial operator certification certificate ..... \$91.80
  - (b) renewal of operator certification certificate ..... \$56.10

**Well Construction Regulations**

**Application fees for well construction certificate of qualification or renewal**

- 28 The application fees for an initial well driller, well digger and pump installer certificate of qualification or for a renewal of the certificate of qualification per year as required under the *Well Construction Regulations* are as follows:
  - (a) for a well driller using 1 machine ..... \$321.17  
 plus add for each additional machine to be used ..... \$133.73
  - (b) for a well digger using 1 machine ..... \$107.05  
 plus add for each additional machine to be used ..... \$30.29
  - (c) for a Class I well pump installer ..... \$107.05
  - (d) for a Class II well pump installer ..... \$53.52
