Prescribed Petroleum Products Prices

Order dated August 1, 2013
 made by the Nova Scotia Utility and Review Board
 pursuant to Section 14 of the *Petroleum Products Pricing Act*
 and Sections 16 to 19 of the *Petroleum Products Pricing Regulations*

Order**NSUARB-GAS-W-13-31****In the Matter of the *Petroleum Products Pricing Act*****- and -**

**In the Matter of Prescribing Prices for Petroleum Products
 pursuant to Section 14 of the *Petroleum Products Pricing Act* and
 Sections 16 to 19 of the *Petroleum Products Pricing Regulations***

Before: Roland A. Deveau, Q.C., Vice-Chair**Order**

Whereas the purpose of the *Petroleum Products Pricing Regulations* is to ensure just and reasonable prices for specified petroleum products taking into consideration the objectives of preserving the availability of such products in rural areas, stabilizing prices of such products and minimizing the variances in prices of such products across the Province;

And whereas the Nova Scotia Utility and Review Board (“Board”) considered the manner in which it would proceed to set petroleum prices in its decision, 2006 NSUARB 108, issued on October 16, 2006;

And whereas the Board revised the retail margin and transportation allowance effective January 6, 2012, in its decision, 2011 NSUARB 181, issued on November 23, 2011;

And whereas the Board revised the wholesale margin effective January 4, 2013, in its decision 2012 NSUARB 213, issued on December 12, 2012;

And whereas the average of the average of the daily high and low reported product prices (in Canadian cents) for the week ended July 31, 2013, are:

Grade 1 Regular gasoline	79.7¢ per litre
Ultra-low-sulfur diesel oil	81.2¢ per litre

Now therefore the Board prescribes the benchmark prices for petroleum products to be:

Gasoline:	
Grade 1	79.7¢ per litre
Grade 2	82.7¢ per litre
Grade 3	85.7¢ per litre
Ultra-low-sulfur diesel oil	81.2¢ per litre

And now therefore the Board has determined, based on historical data regarding price changes and to achieve revenue neutrality, it is appropriate to apply, and the Board so orders, forward averaging corrections of:

Gasoline:	plus 0.5¢ per litre
Ultra-low-sulfur diesel oil:	plus 0.6¢ per litre

And now therefore the Board prescribes the prices for petroleum products as set forth in Schedule “A” effective on and after 12:01 a.m., August 2, 2013.

Dated at Halifax, Nova Scotia, this 1st day of August, 2013.

Clerk of the Board

**In the Matter of Prescribing Prices for Petroleum Products
pursuant to Section 14 of the *Petroleum Products Pricing Act* and
Sections 16 to 19 of the *Petroleum Products Pricing Regulations***

Before: Roberta J. Clarke, Q.C., Member**Order**

Whereas the purpose of the *Petroleum Products Pricing Regulations* is to ensure just and reasonable prices for specified petroleum products taking into consideration the objectives of preserving the availability of such products in rural areas, stabilizing prices of such products and minimizing the variances in prices of such products across the Province;

And whereas the Nova Scotia Utility and Review Board (“Board”) considered the manner in which it would proceed to set petroleum prices in its decision, 2006 NSUARB 108, issued on October 16, 2006;

And whereas the Board revised the retail margin and transportation allowance effective January 6, 2012, in its decision, 2011 NSUARB 181, issued on November 23, 2011;

And whereas the Board revised the wholesale margin effective January 4, 2013, in its decision 2012 NSUARB 213, issued on December 12, 2012;

And whereas the average of the average of the daily high and low reported product prices (in Canadian cents) for the week ended August 7, 2013, are:

Grade 1 Regular gasoline	79.5¢ per litre
Ultra-low-sulfur diesel oil	82.2¢ per litre

Now therefore the Board prescribes the benchmark prices for petroleum products to be:

Gasoline:	
Grade 1	79.5¢ per litre
Grade 2	82.5¢ per litre
Grade 3	85.5¢ per litre
Ultra-low-sulfur diesel oil	82.2¢ per litre

And now therefore the Board has determined, based on historical data regarding price changes and to achieve revenue neutrality, it is appropriate to apply, and the Board so orders, forward averaging corrections of:

Gasoline:	nil
Ultra-low-sulfur diesel oil:	minus 0.3¢ per litre

And now therefore the Board prescribes the prices for petroleum products as set forth in Schedule “A” effective on and after 12:01 a.m., August 9, 2013.

Dated at Halifax, Nova Scotia, this 8th day of August, 2013.

Sgd: *Elaine Wagner*
Clerk of the Board
