

Automatic Forfeiture of Seized Items

A conviction under any of the following sections will result in the automatic forfeiture of all items seized:

Wildlife Act

- Section 26 Hunting or fishing without valid licence or permit.
- Section 31(2) Obtaining or applying for licence or permit after conviction.
- Section 32(2) Hunting while disqualified because of a hunting accident.
- Section 39(2) Hunting wildlife during a closed season.
- Section 39(2) Exceeding seasonal bag limit prescribed for wildlife.
- Section 50(1) Hunting, taking or killing protected wildlife.
- Section 68 Hunting wildlife by means of, or with assistance of, a light or flambeau.
- Section 69(1) Shining a light of more than 4 1/2 volts at night on wildlife habitat not owned by that person.
- Section 73(2) Hunting wildlife during hours other than those permitted by regulations.
- Section 73(2) Discharging a firearm, crossbow or bow during hours other than those permitted by regulations.
- Section 78(3) Hunting in an area designated as “no hunting” by the Minister of Natural Resources.
- Section 79 Possessing firearm, crossbow or bow in wildlife habitat contrary to Act or regulations.
- Section 80(4) Transporting or possessing uncased firearm, crossbow or bow in wildlife habitat at night during open season.
- Section 81 Using or possessing prohibited weapon or ammunition.
- Section 87(1) Possessing unencased firearm, crossbow or bow in wildlife habitat while impaired by alcohol or drugs.
- Section 87(2) Discharging or handling firearm, crossbow or bow without due care and attention.
- Section 88(a) Obstructing a conservation officer or person assisting.

- Section 88(d) Assaulting a conservation officer or person assisting.
- Section 109 Applying for licence or permit while disqualified.

Firearm and Bow Regulations

- Section 3(a) Possessing a swivel or spring gun in wildlife habitat.
- Section 3(b) Possessing a shotgun greater than 10 gauge in wildlife habitat.
- Section 3(c) Possessing a device designed to deaden the sound of the report of a firearm in wildlife habitat.
- Section 3(e) Possessing in wildlife habitat shot larger than .24 in./6096 cm (AAA or No. 4 Buckshot) except rifled slugs or ball during the open season for big game.

General Wildlife Regulations

- Section 11(1) Hunting wildlife between 1 hour after sunset and 1 hour before sunrise contrary to the regulations.
- Section 11(2) Discharging firearm, crossbow or bow between 1/2 hour after sunset and 1/2 hour before sunrise contrary to the regulations.

Chignecto Game Sanctuary Regulations

- Section 3(1)(a) Hunting wildlife in Chignecto Game Sanctuary contrary to the regulations.

Liscomb Game Sanctuary Regulations

- Section 3(1)(a) Hunting wildlife in Liscomb Game Sanctuary contrary to the regulations.

Tobeatic Wildlife Management Area Regulations

- Section 3(1)(a) Hunting wildlife in Tobeatic Wildlife Management Area, contrary to the regulations.

Additional

Any trap, snare, or net illegally used to hunt wildlife may be seized and upon conviction will be automatically forfeited to the Crown.

Automatic Licence Suspension Order

A person who is convicted of an offence listed below, may not obtain or apply for a hunting licence or permit under the Act or its regulations for 2 years from the date of their conviction.

Anyone convicted between September 1 and December 31 of the offences listed herein, will have their privilege of obtaining any hunting licence suspended for 2 years beginning the following year on January 1.

Conviction under Section 68 of the Wildlife Act will result in a 5 year suspension, beginning on the date of conviction.

Suspensions imposed while the person is currently suspended will run consecutive to the initial suspension.

Conviction of any three wildlife offences, whether or not the offences are listed herein, within a five year period, will result in a 5 year suspension of hunting privileges.

Wildlife Act

- Section 21(3) Hunting or trapping in area closed for wildlife management purposes.
- Section 26 Hunting or fishing without valid licence or permit.
- Section 32(2) Hunting while disqualified because of a hunting accident.
- Section 39(2) Hunting wildlife during a closed season.
- Section 39(2) Exceeding seasonal bag limit prescribed for wildlife.
- Section 39(2) Exceeding daily bag limit prescribed for wildlife.
- Section 40(1) Setting trap or snare for moose or deer.
- Section 50(1) Hunting, taking or killing protected wildlife.
- Section 62 Keeping wildlife or exotic wildlife in captivity contrary to act or regulations.
- Section 65 Selling or purchasing carcass of wildlife or any parts thereof.
- Section 67(1) Hunting with poison, drugs, explosives, deleterious substance.
- Section 68 Hunting wildlife by means of, or with assistance of, a light or flambeau.

- Section 69(1) Shining a light of more than 4 1/2 volts at night on wildlife habitat not owned by that person.
- Section 79 Possessing firearm, crossbow or bow in wildlife habitat contrary to act or regulations.
- Section 80(4) Transporting or possessing unencased firearm, crossbow or bow in wildlife habitat at night during open season.
- Section 84(2) Transporting loaded firearm on or in vehicle or vessel.
- Section 85 Discharging firearm, crossbow or bow across travelled portion of any highway or within 100 feet/30.48 m of travelled portion.
- Section 87(1) Possessing unencased firearm, crossbow or bow in wildlife habitat while impaired by alcohol or drugs.
- Section 87(2) Discharging or handling firearm, crossbow or bow without due care and attention.
- Section 88(a) Obstructing a conservation officer or person assisting.
- Section 88(b) Causing others to obstruct a conservation officer or person assisting.
- Section 88(c) Inciting others to obstruct a conservation officer or person assisting.
- Section 88(d) Assaulting a conservation officer or person assisting.

Deer Hunting Regulations

- Section 6(3) Hunting or possessing deer during closed season.
- Section 7(2) Killing or possessing more deer than prescribed under bag limit for deer.
- Section 8(4) Hunting deer after tag is detached from licence.

General Wildlife Regulations

- Section 11(2) Discharging firearm, crossbow or bow between one-half hour after sunset and one-half hour before sunrise contrary to the regulations.
- Section 14(1) Hunting or possessing firearm, crossbow or bow in wildlife habitat while disqualified.
- Section 14(4)(b) Using or possessing in wildlife habitat a trap or snare capable of taking or holding big game.

Moose Regulations

- Section 4(5) Hunting moose without a valid Moose Hunting Licence or a Companion Moose Hunting Stamp and valid Wildlife Resources Card with a firearm or bowhunting certification.
- Section 5(2) Hunting moose out of season.
- Section 5(3) Hunting or possessing a greater number of moose than the total prescribed bag limit.

Firearm and Bow Regulations

- Section 11(1) Hunting or discharging a firearm or bow within 880 yards/804 m of a school.
- Section 11(2) Hunting with or discharging a firearm loaded with rifle cartridge, single ball or slug within 440 yards/402 m of dwelling, place of business, public building, or public place.
- Section 11(3) Discharging a shotgun loaded with shot, a crossbow or bow, within 200 yards/182 m of dwelling, place of business, public building.
- Section 11(4) Hunting wildlife with a shotgun loaded with shot, a crossbow or bow, within 200 yards/182 m of dwelling, place of business, public building.

Illegal Parking

Section 149 of the Motor Vehicle Act states no person shall leave a vehicle standing on property of which he is not the owner or tenant without the consent of the owner or tenant of the property. When a peace officer is satisfied that a vehicle has been left standing on property for one hour or longer, the officer may, on the request of the owner or tenant of the property, remove the vehicle and detain it until the expense of removal and detention are paid.

The Motor Vehicle Act is administered by Service Nova Scotia and Municipal Relations and enforced by the RCMP.

Chignecto Sanctuary Bow Hunt

Bowhunters with a valid licence and who are certified as qualified to hunt with a bow, may enter the Chignecto Game Sanctuary with a bow to hunt and take wildlife for which the season is open within the period which coincides with the Special Open Season for Bowhunting Deer and the General Open Season for Hunting Deer, excluding Sundays.

Muzzleloader Hunt

A muzzleloader hunt will be held in the Tobeatic Wildlife Management Area (TWMA)* and the Liscomb Game Sanctuary October 19–24. Only muzzle loaded firearms are permitted.

A muzzleloader permit is required to participate in either of these hunts. Hunter orange is not mandatory.

There are new rules specific to hunting in the Tobeatic Wilderness Area. See page 77.

Note: *The Muzzleloader hunt in the TWMA is a primitive hunt. It is an offense for anyone entering the TWMA during this hunt to have in their possession any electric motor or internal combustion engine.

Permit to Keep Meat

Deer

Any harvested deer must be registered online or at a deer registration station (see page 85). Any person in possession of deer meat must:

- a) retain their Deer Hunting Licence and;
- b) ensure a registration confirmation number or registration seal is recorded on their Deer Hunting Licence

Once completed, the signed/sealed Deer Hunting Licence will serve as a valid meat storage permit, for the person who killed the deer, until April 30th of the following year. After April 30th, it is an offence to store deer meat without obtaining a storage permit issued by the Department of Natural Resources.

Moose

A Moose Hunting Licence and tags (4) serve as a permit to transport a moose from where it was legally killed to the licenced meat cutting facility or hunter's home. To legally possess moose meat at any residence, you must obtain a Storage Permit from your local DNR office. If you still possess moose meat after July 31st of the year following the harvest, you must renew your storage permit.

Transfer of Meat

Any person who kills a deer or moose may legally transfer up to 15 pounds of meat to any one household. Deer meat may be stored, without a storage permit, until April 30th of the following year. Moose meat (less than 15 lbs) may be stored, without a

storage permit, until May 31st of the year following the harvest. After April 30th (deer) and July 31st (moose), you must possess a valid storage permit. Applications for meat storage permits are available at your local DNR office. Deer storage permit applications are additionally available on page 109.

A permit may be issued by the Department of Natural Resources for a non-aboriginal person to possess the meat of deer, moose or any small game animals, acquired from a Mi'kmaq person, provided:

- (a) More than 15 pounds of meat are being acquired (no permit required for up to 15 lbs.).
- (b) For moose meat, the applicant and the Mi'kmaq person appear at a Department of Natural Resources office with proper identification.

Note: Permits for moose meat will be restricted to 100 pounds per individual or household per calendar year.

Rabbits, Pheasants and Grouse (Partridge)

A storage permit can be obtained to keep legally killed rabbits and non-migratory game birds in cold storage after April 30th. When you require this permit, please complete the application form at the end of this summary and forward it to the local office of the Department of Natural Resources in the area in which you reside. Applications are also available directly from the local office.

Guides

1. A non-resident, being a holder of a valid licence, is entitled to hunt, provided the non-resident is supervised by a licenced guide or a resident over the age of 18 who has a Special Permit to Guide for a given period.
2. A resident when requesting a Special Permit to Guide must appear in person to receive the permit. (See **Licence and Permit Fees**, page 16).
3. A person acting as a guide under the authority of a Special Permit to Guide may not charge a fee for their service.
4. A Special Permit to Guide may be issued for the full hunting season if the non-resident hunter being guided is an immediate family member. (Immediate family member means mother, father, siblings, aunts and uncles).

5. Only one Special Permit to Guide, that is valid for a maximum of seven days, may be issued to a person to guide a non-resident hunter who is a “friend” but not an immediate family member.
6. Any person authorized to guide may not guide more than three(3) persons while hunting deer, or guide more than four(4) persons who are hunting species other than deer.
7. All licenced guides are required to report violations of the Wildlife Act or regulations by any person to the nearest local office of the Department of Natural Resources or a local police department.
8. All guides are responsible for ensuring information returns and/or biological specimens from their clients are submitted to the Department of Natural Resources.

Mandatory Deer Registration

If you kill a deer **you must follow these steps to ensure compliance with the Wildlife Act and Regulations:**

1. Immediately, upon killing a deer, remove the Deer Hunting Tag (or Bonus Antlerless Deer Hunting Stamp) from the back of your Hunting & Furharvesting Licence & Summary of Regulations booklet. The detached Deer Hunting Tag must remain with the deer (see page 73) **and**;
2. Record the month and date of kill by cutting out the appropriate triangles along the inside front cover of your licence booklet. Separate deer Day/Month cut-outs are provided in the back of your licence booklet for persons who have harvested a bonus deer (see page 22, 61).
3. Record your Deer Hunting Stamp number and/or Bonus Antlerless Deer Hunting Stamp number on the back inside cover. This will be used when registering your deer. **and**;
4. Register your deer within 24 hours of killing the deer or within 24 hours after leaving a camp used to hunt the deer. There are two ways to register your deer. You need your Wildlife Resources Card number to register the deer:

Deer Registration Option #1:

Transport your deer to a deer registration station (see page 92–96). You will be charged a \$1.00 plus HST administration fee.

Note: **You must be with the deer you killed when it is being transported and in order to register at a deer registration station.**

- a) Present your Wildlife Resources Card, licence, and detached Deer Hunting Tag or Bonus Antlerless Deer Hunting Stamp (or Antlerless Deer Hunting Stamp if applicable) to the registration station agent.
- b) Confirm that the information the agent entered in the “Weekly Deer Harvest Form” is correct. **Sign in the space provided.**
- c) Ensure the agent records the correct date of registration and registration station name and number on the inside front cover of your Hunting & Furharvesting Licence & Summary of Regulations booklet (or on the 2nd last page of booklet if registering a bonus deer).

OR

Deer Registration Option #2:

Register your deer online at

www.gov.ns.ca/natr/wildlife/DeerRegistration

- a) Enter your Wildlife Resources Card number and follow the steps to complete your deer registration
 - Once the information is complete, select “Submit.” You will receive a Deer Registration Confirmation Number
- b) Record your confirmation number in **two locations**:
 - (i) in the space provided on the Deer Hunting Tag (or Bonus Antlerless Deer Hunting Stamp) you detached from the back cover of your Hunting & Furharvesting Licence & Summary of Regulations booklet
 - (ii) in the space provided on the inside front cover (or second last page for bonus deer) of your Hunting & Furharvesting Licence & Summary of Regulations booklet

NOTE:

- Your detached Deer Hunting Tag becomes a legal transport permit for the deer carcass and must remain with the carcass until it is prepared for consumption.

- Your Deer Hunting Licence (booklet) becomes your permit to keep the meat of your deer until April 30 only if the deer registration information has been entered in the appropriate spaces of your Summary Booklet
- Your Deer Hunting Licence (booklet) and Deer Hunting Tag, together constitute a legal export permit for your deer
- **A person must not process a deer carcass for consumption unless the hunter has completed the deer hunting tag showing that the deer has been registered in accordance with the Deer Hunting Regulations.**

Registering a Bonus Deer

Deer harvested under authority of a valid Zone 2A Bonus Antlerless Deer Hunting Stamp must also be registered. Follow the steps outlined on page 85–87 to ensure proper registration of your bonus deer.

Transporting Bear

1. The licence holder shall ensure that the detached Bear Hunting Tag or Bear Snaring Tag remains with the bear carcass until it is prepared for consumption. The licence holder may keep the tag on their person provided they stay with the carcass while it is being transported.
2. During the Open Season for bear, no person shall be in possession of, or transport, a bear carcass killed by another person unless:
 - the carcass has attached to it, the tag of the Bear Hunting Licence or Bear Snaring Licence issued to the person who killed the bear.
 - you are snaring bear in partnership with another licenced bear snarer. (See page 29)

Export

The following may serve as your export permit for the game legally taken under that licence:

- (a) Your Resident or Non-Resident Deer Hunting licence and Deer Hunting Tag (upon proof of registration)
- (b) Your Resident or Non-Resident Bear Hunting licence
- (c) Your Non-Resident Small Game Hunting licence

In order to export bears or bear parts out of Canada, you may require a CITES Export Permit (Convention on International Trade of Endangered Species). Contact your local Department of Natural Resources for further information.

A bear gallbladder must be permanently sealed by Department of Natural Resources (DNR) prior to sale or export. The locking seal must be permanently attached to the bear gallbladder. The gallbladder must be presented to a DNR office in order to be sealed.

Trespassing

The Protection of Property Act provides that it is an offence to enter on or carry on the following activities on property without the permission or consent of the occupier:

- (a) enter on premises that is a lawn, garden, orchard, vineyard, golf course, or acreage managed for agricultural crops;
- (b) enter on premises that is apparently a tree plantation area or a Christmas tree management area;
- (c) enter on premises that is enclosed in a manner that indicates the occupier's intention to keep persons off the premises or to keep animals on the premises;
- (d) dump or deposit material of any kind or causes, or permit material to be dumped or deposited on premises;
- (e) enter on premises where entry is prohibited on the premises by notice;
- (f) engage in an activity that is prohibited on the premises by notice.

Upon conviction, a fine of up to five hundred dollars may be levied.

A notice given pursuant to this Act may be oral or in writing and may be given respecting any part of the land of an occupier.

It is an offence to remain on property after being directed to leave by the occupier or person authorized by the occupier.

However, no person may be prosecuted for contravening any notice under the act if that person is on forest land and is lawfully hunting, camping, berry picking or hiking.

“Forest land” means a wooded area, forest stand, tract covered by underbrush, barren ground, marsh or bog, but **does not include:**

- (a) an area which is apparently a tree plantation area or a Christmas tree management area;
- (b) a special forestry study area;
- (c) the immediate area where any activity is apparently being carried out on woodlands for the purpose of harvesting a forest product;
- (d) a commercial berry growing area.

For further information about the trespass laws, please refer to the Act to Protect Property which is administered by the Department of Justice through local police departments.

While Nova Scotia Power holds a right-of-way over land on which its power lines are located, the company does not own the lands. Permission to use the right-of-ways for the purpose of hunting must be obtained from the property owner.

Survival in the Woods

You have a very real danger of getting lost in the woods while hunting. Here are some basics of survival in the woods:

The unforeseen can take you off the beaten trail. Even experienced woods travellers can easily lose their bearings. However, a “lost” incident that may be disastrous for a panic-struck novice may prove to be no more than a minor delay for someone who is prepared and does not panic.

Remember! Always tell someone where you plan to hunt.

Preparation

(See Some General Regulations, page 73)

It is an offence for any person to enter any woods for the purpose of hunting, unless that person possesses:

- a compass in working order and can demonstrate how to use it;
- a hand axe or hunting knife or jack-knife;
- a supply of waterproof matches or matches in a waterproof container or a source that is capable of producing a flame.

ABC's of a Night in the Woods

- A. **Do Not Panic: Sit down.** Think over your situation. It is unlikely to be as bad as it first appears. Do not try to walk out unless you are sure that you have recovered your direction and that you have ample time before dark.
- B. **Stay Put:** Usually it is best to stay close to where you got lost. Aimless wandering can exhaust, injure and kill. It can also put you out of reach of searchers who will soon be on your track if you left word of your destination. Choose as your campsite the driest and most sheltered place possible, with firewood nearby. Do not move on without leaving a note or sign giving direction.
- C. **Make Yourself Comfortable:** Staying overnight in the woods demands warmth and shelter. Shelter is your first concern. Cut several armfuls of green boughs and about a dozen saplings. Select for your bed the driest and most level spot. Over this, erect a slanting frame of interwoven saplings and roof it from the ground upward with overlapping evergreen boughs, tips downward. Under this lean-to, build a thick mattress of evergreen branchlets by placing the coarser ones topside down for a springy base and topping it with finer branchlets (fir if possible) laid topside up. Gather plenty of firewood to last the night. Locate your fire safely and keep it burning all night.

Sunrise and Sunset Times 2009

This table gives the approximate sunrise and sunset times. This should only be used as a guide for hunters.

		Yarmouth		Halifax		Sydney

REPORT A POACHER

Help protect your Natural Resources, report wildlife crime, call **1-800-565-2224** or visit our website at www.gov.ns.ca/natr/enforcement/reportapoacher.htm.

Angling and hunting regulations are designed to protect you as well as your fish and wildlife resources. A person who breaks these laws is a thief, stealing your resource.

Poaching and other fish and wildlife offences concern the whole community. If you know of someone breaking fish or wildlife laws, report what you know. Often information that seems unimportant can be of the greatest value.

Help us, help you protect your resource.

DEER MANAGEMENT ZONE DESCRIPTIONS

Deer Management Zone 1 includes certain lands within Nova Scotia, and more particularly described as follows:

Beginning at a point in the centre of the Mersey River in Queens County where it intersects with the centre line of Highway No. 103; then easterly along the centre line of Highway No. 103 to its intersection with the centre line of Trunk No. 8; then northerly along the centre line of Trunk No. 8 to its intersection with the centre line of Trunk No. 1 in Annapolis County; then northerly along the centre line of Trunk No. 1 to the centre line of the Annapolis River; then downstream along the centre of the Annapolis River north of Goat Island to the Annapolis Basin; then westerly through the Annapolis Basin to the Digby County line at the centre of the Annapolis Basin; then northerly along the Digby County line, through the Digby Gut to the Bay of Fundy; then westerly, southerly, and easterly along the coastline of Nova Scotia to the mouth of Liverpool Bay; then northerly along the centre of Liverpool Bay to the Mersey River; then northerly up the centre of the Mersey River to its intersection with the centre line of Highway No. 103 being the place of beginning. Together with all inland and offshore islands.

Deer Management Zone 2 includes certain lands within Nova Scotia, and more particularly described as follows:

Beginning at a point in the centre of the Mersey River in Queens County where it intersects with the centre line of Highway No. 103; then easterly along the centre line of Highway No. 103 to its intersection with the centre line of Trunk No. 8; then northerly along the centre line of Trunk No. 8 to its intersection with the centre line of Trunk No. 1 in Annapolis County; then northerly along the centre line of Trunk No. 1 to the centre line of the Annapolis River; then downstream along the centre of the Annapolis River north of Goat Island to the Annapolis Basin; then westerly through the Annapolis Basin to the Digby County line at the centre of the Annapolis Basin; then northerly along the Digby County line, through the Digby Gut to the Bay of Fundy; then easterly along the coastline of the Bay of Fundy to Cape Split; then southerly along the western coastline of the Minas Basin to the mouth of the Avon River; then upstream along the centre of the Avon River to its intersection with the centre line of Highway No. 101; then easterly and southerly along the centre line of Highway No. 101 to its

junction with the centre line of the Bedford Highway; then southerly along the centre line of the Bedford Highway to its intersection with the Sackville River; then downstream along the centre of the Sackville River to the Bedford Basin; then southerly along the centre of the Bedford Basin and the centre of the Halifax Harbour to its mouth at the Atlantic Ocean; then westerly along the Atlantic Coast to the mouth of Liverpool Bay; then northerly along the centre of Liverpool Bay to where it intersects with the Mersey River; then northerly upstream along the centre of the Mersey River to its intersection with the centre line of Highway No. 103 being the place of beginning. Together with all inland and offshore islands.

Deer Management Zone 2A includes certain lands within Lunenburg and Queens Counties, Nova Scotia and are more particularly described as follows:

Beginning at a point on the centerline of the East River, Lunenburg County, where it intersects with the northern most edge of the multi-line power transmission corridor running from Halifax County to Queens County and being approximately 1 km south of Whistler lake; thence, southwestward along the northern most edge of the said power transmission corridor to an angle point where the power transmission corridor separates into 2 lines; thence, following the north branch of the said transmission corridor southwestward, passing the Gold River Indian Reserve to the north, continuing on past Lower New Cornwall to an angle point about 1 km west of the LaHave River near Cookville; thence, southerly, along the western edge of the said corridor, to a juncture point with the transmission line running westerly from Maitland; thence, southwestward along the northern edge of the said transmission corridor, passing to the north of Wiles Lake and Lapland, and extending to the western bank of the Medway River; thence, southeasterly, downstream following the western bank of the Medway River and the western shoreline of Medway Harbour to a point on the ordinary high water mark (OHWM) east of the navigation light at Medway Head; thence, northeasterly in a straight line to a point on the OHWM of the most southerly part of Toby Island; thence, northeasterly in a straight line to a point on the OHWM of the most southerly part of Cape LaHave Islands at Cape LaHave Point; thence, northeasterly in a straight line to a point on the OHWM of the most eastern point of West Ironbound Island; thence, northeasterly in a straight line to a point on the OHWM

of the most eastern point of Cross Island; thence, northeasterly in a straight line to a point on the OHWM of the most eastern point of Big Duck Island; thence, northeasterly in a straight line to a point on the OHWM of the most eastern point of East Ironbound Island; thence, northwesterly in a straight line to a point on the OHWM of the most northeasterly point of Little Tancook Island; thence, northwesterly in a straight line to the mid point of the mouth of East River Bay northwest from East River Point; thence, northeasterly in a straight line to a point at the centerline of the mouth of East River; thence, northerly following the centerline of East River to the point of beginning, together with all inland and offshore islands.

Deer Management Zone 3 includes certain lands within Nova Scotia, and more particularly described as follows:

Beginning at a point at the mouth of the Parrsboro River; then northerly upstream along the centre of the Parrsboro River to its beginning at the southern outlet of Newville Lake; then northerly across Newville Lake to its northern outlet into River Hebert; then northerly downstream along the centre of River Hebert to its mouth on the Cumberland Basin; then along the centre of Cumberland Basin to Chignecto Bay; then westerly and southerly along the coastline of Chignecto Bay to Cape Chignecto; then easterly along the coastline to the mouth of the Parrsboro River being the point of beginning. Together with all inland and offshore islands.

Deer Management Zone 4 includes certain lands within Nova Scotia, and more particularly described as follows:

Beginning at the point where the centre line of Highway No. 101 meets with the centre line of Highway No. 102; then northwesterly along the centre line of Highway No. 101 to its intersection with the Avon River; then northerly downstream along the centre of the Avon River to the Minas Basin; then northerly through the Minas Basin to the mouth of the Parrsboro River; then northerly upstream along the centre of the Parrsboro River to its beginning at the southern outlet of Newville Lake; then northerly across Newville Lake to its northern outlet into River Hebert; then northerly downstream along the centre of River Hebert to its mouth on the Cumberland Basin; then northerly along the centre of the Cumberland Basin to a point directly west of the mouth of the Missaquash River; then easterly to the centre of the mouth of the Missaquash River which becomes the border between the Province of Nova Scotia and

the Province of New Brunswick; then northeasterly along the border to Baie Verte; then southeasterly along the coastline of the Northumberland Strait to Saint George's Bay; then southeasterly along the western coastline of Saint George's Bay to the Strait of Canso; then southerly along the centre of the Strait of Canso to Chedabucto Bay; then along the western coastline of the Chedabucto Bay to the mouth of the Salmon River in Guysborough County; then upstream along the centre of the Salmon River to the bridge on Giants Lake Road at Ogden; then northwesterly along the centre of Giants Lake Road to its intersection with Route No. 316; then southerly along the centre line of Route No. 316 to its intersection with the centre line of the Melrose Country Harbour Road locally known as the Nine Mile Woods Road at Country Harbour Cross Roads; then westerly along the centre line of the Melrose Country Harbour Road locally known as the Nine Mile Woods Road to its intersection with Trunk No. 7 at Melrose; then westerly along the centre line of Route No. 348 to its intersection with the Cameron Settlement Road at Caledonia; then westerly along the centre line of Cameron Settlement Road to its intersection with Route No. 374 at Trafalgar; then westerly along the centre line of Route No. 374 to its intersection with the Dean Settlement Road/St. Mary's Road; then westerly along the centre line of the Dean Settlement Road/St. Mary's Road to its intersection with Route No. 336 at Dean; then southerly along the centre line of Route No. 336 to its intersection with Route No. 224 at Upper Musquodoboit; then westerly along the centre line of Route No. 224 to its intersection with Trunk No. 2 at Shubenacadie; then southerly along the centre of Highway No. 2 to its intersection with the Shubenacadie River; then northerly along the centre of the Shubenacadie River to its intersection with the centre line of Highway No. 102; then southwesterly along the centre line of Highway No. 102 to its intersection with the centre line of Highway No. 101 being the place of beginning. Together with all inland and offshore islands.

Deer Management Zone 5 includes certain lands within Nova Scotia, and more particularly described as follows:

Beginning at a point where Highway No. 101 intersects with Highway No. 102 and the Bedford Highway; then southerly along the centre line of the Bedford Highway to its intersection with the Sackville River; then downstream along the centre of the Sackville River to the Bedford Basin; then along the centre of the

Bedford Basin and the centre of the Halifax Harbour to its mouth at the Atlantic Ocean; then easterly along the Atlantic Coast to the mouth of Chedabucto Bay; then westerly along the southern coastline of Chedabucto Bay to the mouth of the Salmon River in Guysborough County; then upstream along the centre of the Salmon River to the bridge on Giants Lake Road at Ogden; then northwesterly along the centre line of Giants Lake Road to its intersection with Route No. 316; then southerly along the centre line of Route No. 316 to its intersection with the centre line of the Melrose Country Harbour Road, locally known as the Nine Mile Woods Road, at Country Harbour Cross Roads; then westerly along the centre line of the Melrose Country Harbour Road, locally known as the Nine Mile Woods Road, to its intersection with Trunk No. 7 at Melrose; then westerly along the centre line of Route No. 348 to its intersection with the Cameron Settlement Road at Caledonia; then westerly along the centre line of Cameron Settlement Road to its intersection with Route No. 374 at Trafalgar; then westerly along the centre line of Route No. 374 to its intersection with the Dean Settlement Road/St. Mary's Road; then westerly along the centre line of the Dean Settlement Road/St. Mary's Road to its intersection with Route No. 336 at Dean; then southerly along the centre line of Route No. 336 to its intersection with Route No. 224 at Upper Musquodoboit; then westerly along the centre line of Route No. 224 to its intersection with Trunk No. 2 at Shubenacadie; then southerly along the centre of Highway No. 2 to its intersection with the Shubenacadie River; then northerly along the centre of the Shubenacadie River to its intersection with the centre line of Highway No. 102; then southwesterly along the centre line of Highway No. 102 to its intersection with the centre line of Highway No. 101 being the place of beginning. Together with all inland and offshore islands.

Deer Management Zone 6 includes certain lands within Nova Scotia, and more particularly described as follows:

Beginning at a point at the centre of the Baddeck River and its intersection with Highway No. 105; then northwesterly along the centre of Highway No. 105 to its intersection with the Cabot Trail; then northerly along the centre of the Cabot Trail to where it crosses the Margaree River at the mouth of river; then downstream along the centre of the Margaree River to the Gulf of St. Lawrence; then westerly and southerly along the coastline of the Gulf of St. Lawrence and St. George's Bay to the Strait of

Canso; then southeasterly along the centre of the Strait of Canso to Chedabucto Bay; then easterly along the centre of the Chedabucto Bay to the Atlantic Ocean; then easterly, northerly, and westerly along the coastline of the Atlantic Ocean to the mouth of Great Bras d'Or Channel; then southwesterly along the centre of the Great Bras d'Or Channel to its mouth on the Great Bras d'Or; then in a direct line to the eastern mouth of St. Patrick's Channel; then westerly along the centre of St. Patrick's Channel to the mouth of Nyanza Bay; then northerly and easterly along the centre of Nyanza Bay to the mouth of the Baddeck River; then upstream along the centre of the Baddeck River to its intersection with Highway No. 105 being the point of beginning. Together with all inland and offshore islands.

Deer Management Zone 7 includes certain lands within Nova Scotia, and more particularly described as follows:

Beginning at a point at the centre of the Baddeck River at its intersection with the centre line of Highway No. 105; then northwesterly along the centre of Highway No. 105 to its intersection with the Cabot Trail; then northerly along the centre line of the Cabot Trail to where it crosses the Margaree River at the mouth of the river; then downstream along the centre of the Margaree River to the Gulf of St. Lawrence; then northeasterly along the coastline of the Gulf of St. Lawrence to Cape St. Lawrence; then easterly, southerly, and westerly along the coastline of the Gulf of St. Lawrence and the Atlantic Ocean to the Atlantic mouth of the Great Bras d'Or Channel; then southwesterly along the centre of the Great Bras d'Or Channel to its mouth on the Great Bras d'Or; then in a direct line to the eastern mouth of St. Patrick's Channel; then westerly along the centre of St. Patrick's Channel to the mouth of Nyanza Bay; then northerly and easterly along the centre of Nyanza Bay to the mouth of the Baddeck River; then upstream along the centre of the Baddeck River to its intersection with the centre line Highway No. 105 being the point of beginning. Together with all inland and offshore islands.

MOOSE MANAGEMENT ZONES DESCRIPTIONS

Moose Management Zone 1 includes certain lands within Nova Scotia and is more particularly described as follows:

Beginning at a point where the northern boundary of The Cape Breton Highlands National Park meets the ordinary high water mark (OHWM) of the northern shoreline of Neils Harbour; Thence, in a generally westerly direction following the northern boundary of the said Park across the northern peninsula of Cape Breton Island to the OHWM of the Gulf of St. Lawrence at the mouth of the MacKenzie River; Thence, in a northerly direction along the OHWM of the Gulf of St. Lawrence to Cape St. Lawrence; Thence, in an easterly direction along the OHWM of the Cabot Strait and Bay St. Lawrence to Money Point; Thence, in a southerly direction along the OHWM of Aspy Bay, Cabot Strait and Neils Harbour to the Point of Beginning. Together with all inshore and offshore islands, and including all harbours, bays, coves, rivers and inlets.

Moose Management Zone 2 includes certain lands within Nova Scotia and comprises parcels "A" and "B", being more particularly described as follows:

Parcel "A"

Beginning at a point where the southern boundary of The Cape Breton Highlands National Park meets the ordinary high water mark (OHWM) of the western shoreline of South Bay Ingonish; Thence, in a generally westerly direction along the southern boundary of the said Park across the northern peninsula of Cape Breton Island to the OHWM of the Gulf of St. Lawrence at the mouth of the Cheticamp River; Thence, in a generally southerly direction along the OHWM of the Gulf of St. Lawrence to the mouth of the Margaree River; Thence, in a southeasterly direction along OHWM of the southern shoreline of the Margaree River to the Cabot Trail; Thence, in a southerly and easterly direction along the Cabot Trail to North East Margaree at a point where the road southerly from Kingross meets the Cabot Trail; Thence, in a northerly direction along the said Kingross Road a distance of approximately 4.5 km to Margaree Valley at a point where the Frasers Mountain Road to the Highlands joins the said Kingross Road; Thence, in a generally easterly direction along the said Frasers Mountain Road to the point where it meets the main road in the Highlands running northerly from

Hunters Mountain; Thence, in a northerly direction along the main road through the Highlands a distance of approximately 2.5 km to a secondary road just past the Middle Branch North River, the said road leading easterly to the MacDonalds Mountain fire tower; Thence, in an easterly and northerly direction along the said secondary road a distance of approximately 11 km to the point where it crosses the Barachois River; Thence, in a generally southeasterly direction downstream along the said River to the point where the said River meets the OHWM of St. Anns Bay; Thence, in a northeasterly direction along the OHWM of St. Anns Bay and the Atlantic Ocean to Stanley Point at the northerly edge of Cape Smokey; Thence, westerly along the OHWM of the southern and western shorelines of South Bay Ingonish to the Point of Beginning. Together with all inshore and offshore islands, and including all harbours, bays, coves, rivers and inlets .

Parcel "B"

Beginning at a point where the southern boundary of the Cape Breton Highlands National Park (CBHNP), just to the north of Ingonish, meets the Ordinary High Water Mark (OHWM) of the Atlantic Ocean; Thence, in a westerly, southerly and easterly direction following the said boundary of the CBHNP, and enclosing the communities of Ingonish Centre and Ingonish, and the surrounding area, to a point where the said boundary meets the OHWM of the Clyburn Brook; Thence, in an easterly direction downstream along the OHWM of the Clyburn Brook to the point where the said Brook meets the OHWM of North Bay Ingonish. Thence, in a generally westerly, northerly, easterly and northerly direction following the OHWM of the western shoreline of North Bay Ingonish and the Atlantic Ocean to the Point of Beginning. Together with all inshore and offshore islands, and including all harbours, bays, coves, rivers and inlets.

Moose Management Zone 3 includes certain lands within Nova Scotia and is more particularly described as follows:

Beginning at a point where the Barachois River meets the ordinary high water mark (OHWM) of the western shoreline of St. Anns Bay; Thence, in a southerly and easterly direction following the OHWM of the western, southern and eastern shorelines of St. Anns Bay to Cape Dauphin; Thence, easterly in a straight line across the mouth of The Great Bras d'Or to Table Head; Thence, easterly along the OHWM of the Atlantic Ocean to the county boundary between Victoria and Cape Breton

Counties; Thence, in a generally southwesterly direction along the said County boundary across Boularderie Island and the waters of St. Andrews Channel to a point where the waters of the St. Andrews Channel join the waters of the Great Bras d'Or; Thence, northwesterly in a straight line to a point midway between McKay Point to the south and Red Head to the north; Thence, in a westerly direction along the centreline of St. Patricks Channel to the mouth of Nyanza Bay; Thence, northerly and easterly along the centreline of Nyanza Bay to the mouth of the Baddeck River; Thence, upstream along the centre of Baddeck River to its intersection with the centreline of Highway No. 105; Thence, northwesterly along the said Highway to its intersection with the Cabot Trail; Thence, northerly along the Cabot Trail to North East Margaree at a point where the road southerly from Kingross meets the Cabot Trail; Thence, in a northerly direction along the said Kingross Road a distance of approximately 4.5 km to Margaree Valley at a point where the Frasers Mountain Road to the Highlands joins the said Kingross Road; Thence, in a generally easterly direction along the said Frasers Mountain Road to the point where it meets the main road in the Highlands running northerly from Hunters Mountain; Thence, in a northerly direction along the main road through the Highlands a distance of approximately 2.5 km to a secondary road just past the Middle Branch North River, the said road leading easterly to the MacDonalds Mountain fire tower; Thence, in an easterly and northerly direction along the said secondary road a distance of approximately 11 km to the point where it crosses the Barachois River; Thence, in a generally southeasterly direction downstream along the said River to the point where the said River meets the OHWM of St. Anns Bay at the Point of Beginning. Together with all inshore and offshore islands, and including all harbours, bays, coves, rivers and inlets.

Moose Management Zone 4 includes certain lands within Nova Scotia and is more particularly described as follows:

Beginning at a point where the centre of Baddeck River intersects with the centerline of Highway No. 105; Thence, northwesterly along the said Highway to its intersection with the Cabot Trail; Thence, in a northerly, westerly and northerly direction along the Cabot Trail to the point where the Cabot Trail intersects the western shoreline of the Margaree River near Margaree Harbour; Thence, northerly along the said western shoreline to the ordinary high water mark (OHWM) of the Gulf of

St. Lawrence; Thence, in a generally southerly direction along the OHWM of the Gulf of St. Lawrence to Hefferman Point on the northeastern shoreline of the Strait of Canso; Thence, in a southeasterly direction along the OHWM of the northeastern shoreline of the Strait of Canso to Grant Point near the mouth of Ship Harbour; Thence, in a southeasterly direction along the OHWM of the northeastern shoreline of Ship Harbour to the county boundary between Inverness and Richmond Counties; Thence, northeasterly along the said County boundary to the point where it meets the OHWM of West Bay; Thence, northerly along the said County boundary across the waters of West Bay and The Bras d'Or Lake to the county boundary line between Victoria and Cape Breton Counties; Thence, in a northeasterly direction along the Victoria-Cape Breton County boundary through the Barra Strait to a point where the waters of the St. Andrews Channel join the waters of the Great Bras d'Or; Thence, northwesterly in a straight line to a point midway between McKay Point to the south and Red Head to the north; Thence, in a westerly direction along the centreline of St. Patricks Channel to the mouth of Nyanza Bay; Thence, northerly and easterly along the centreline of Nyanza Bay to the mouth of the Baddeck River; Thence, upstream along the centre of the Baddeck River to its intersection with the centreline of Highway No. 105 at the Point of Beginning. Together with all inshore and offshore islands, and including all harbours, bays, coves, rivers and inlets.

Reducing Deer Numbers In Zone 2A

Deer numbers are unusually high along the coastal area of Lunenburg County. Mild winters with little snow accumulation, together with productive habitat that is highly fragmented by human development and large residential lots, have allowed deer to become abundant. They have become a nuisance in yards and gardens, destroy crops and are a hazard to highway traffic.

Though much of the area is “occupied,” there are many places where hunting is possible and appreciated by landowners. To lower deer numbers through hunting, it is essential to harvest a predominance of female deer. To achieve this objective, Bonus Antlerless Deer Hunting Stamps will be available this year for use in Deer Management Zone 2A. The Bonus Antlerless Deer Hunting Stamp authorizes the holder to take an additional deer (antlerless) from within Zone 2A only. These stamps are available by applying in person, at your local DNR office. Affix the Bonus Antlerless Deer Hunting Stamp to the appropriate location on the reverse side of this page where it becomes a stand alone licence, independent of the general Deer Hunting Stamp. The order in which these stamps are used does not matter.

When hunting in this relatively developed area, you must (as always) be very aware of legal hunting distances from schools, homes and places of business. Most of the land is privately owned and occupied. Ask permission of landowners before hunting, and be respectful of those who do not want hunting on their lands.

Immediately after killing bonus deer, cut off tag.

On the reverse of this page, **cut out the entire white triangles for the day and month** of the kill (and only for that day and month). Slits, holes, punches, etc., are not legal.

Tag must remain with deer.

Licence **VOID** when tag is removed.

For proper use of tags see page 73.

To register your deer online, see page 85.
