Proposed Aquaculture Site

Application #1308 submitted by 2382144 Nova Scotia Limited is to expand their existing site (#0026) for the suspended cultivation of blue mussels in the waters of Marie Joseph Harbour, Guysborough County.

If approved, the expanded site of 135.86 hectares would be comprised of the existing lease #0026 (82.89 hectares) and proposed lease #1308 (52.97 hectares). This expanded site measures 625m x 1,775m x 840m x 500m x 145m and centres around 44°57.637' Latitude and -62°05.770' Longitude.

The application was reviewed by the Regional Aquaculture Development Advisory Committee (RADAC) during its meeting held on February 5, 2008 in Sherbrooke, Guysborough County at the Municipal County Chambers.

A sketch of the site and further details may be obtained from:
