

Hunter Education

Instructor of the Year

WAYNE MULLINS
SHELburnE COUNTY FISH AND GAME

Hunting is a safe sport, thanks to the many volunteer instructors like Wayne Mullins, seen here receiving the Hunter Education Instructor of the Year award from the Department of Natural Resources. Wayne has dedicated 22 years to the Hunter Education Program.

More than 160 volunteers deliver hunter education programs throughout the year. Their efforts have helped reduce the number of hunting incidents in the province to less than five percent since 1993.

***Always remember
to practice safe hunting.***
