

Are you a business, registered charity, or educational institution with expertise in employment programming?

If so, you are invited to submit a project proposal to the Employment Nova Scotia Division of the Department of Labour and Workforce Development, under the Canada-Nova Scotia Labour Market Agreement. This six-year federal-provincial partnership supports unemployed and low skilled employed Nova Scotians who are not eligible for Employment Insurance programs.

If your organization can help these Nova Scotians increase their participation in the labour market, and you are able to meet established requirements and criteria, funding may be available.

For more information, please visit

www.gov.ns.ca/employmentnovascotia

and download our Request for Proposals documents
or contact Employment Nova Scotia at 902-722-1123.
