

**"Families Helping Families"**

I Learned about my  
ancestors at camp and  
my Dad helped me to  
make a special teepee  
like my ancestors lived  
in long ago. I learn  
alot from my Foster  
Family and they learn  
alot from me. I love  
my Foster Family alot.

## ***"Families Helping Families"***

A child sitting  
alone would love  
to be loved.

Now they can because  
a loving family  
became their foster  
family. That child says,

"Thank-you!"
