The Pengrowth-Nova Scotia

Energy Scholarship Program

can help you achieve your career goals.

PENGROWTH

NOVA SCOTIA
Department of Energy

DEVELOPING LEADERS IN ENERGY

Nova Scotia's Energy

It's more than just oil and gas.

Nova Scotia is developing a world-class energy sector. Offshore gas, exciting prospects for onshore gas, a growing renewable energy industry and excellent professional and technical education and training programs...they all come together here in Nova Scotia, leading to great prospects for rewarding, well-paid careers.

The Pengrowth-Nova Scotia Energy Scholarship Program can help you achieve success when you choose to develop the knowledge and skills needed to work or conduct research in this exciting field.

Pengrowth-Nova Scotia Energy Scholars

In keeping with Pengrowth's pledge to make a difference in the communities where team members live and work, scholarship winners will be well-rounded individuals with a variety of interests who have an established track record of community involvement through activities like volunteer work, sports and other community-based activities.

Applicants must also be:

- a Canadian citizen or landed immigrant and a permanent resident of Nova Scotia
- prepared to demonstrate an interest in an energy-related career through an essay included in the application

University Scholarship

Eligibility Requirements

- Accepted into an accredited post-secondary educational institution for studies in business, science or engineering at the bachelor level
- Graduating from a Nova Scotia secondary school with a full academic course load in the final year (grade 12) with an average mark of 75% or B in that year
- Not receiving additional scholarship support in excess of \$2500

How to Apply

Applications can be downloaded from the Nova Scotia Department of Energy website. Guidance counselors at each high school across the Province will select student candidate(s) and assist the student in completing the application. Completed applications are submitted to the Department of Energy for final review by an awards committee.

Nova Scotia Community College Scholarship

Eligibility Requirements

- Accepted into the Nova Scotia Community College for full-time studies in an eligible trade or technology program leading to completion of either a one-year certificate or two-year diploma; view a full list of eligible programs at gov.ns.ca/energy/careers-training/

How to Apply

Apply directly to the NSCC and follow the application procedures outlined on the NSCC website. You can also find the information on the Nova Scotia Department of Energy website. The NSCC awards committee will select award recipients.
