User Fees and Government Charges

FISCAL YEAR 2009–2010

The Government of Nova Scotia will be increasing most user fees and government charges by 3.0 per cent in 2009–2010. The 3.0 per cent increase is tied to the Consumer Price Index increase for the past year. Aside from this general increase, some departments have chosen to increase a few of their fees by more than 3.0 per cent to enhance cost recovery.

The last government-wide increase to user fees and government charges was in April 2008. The current increases will provide additional revenue to help cover the overall rising costs of government programs and services.

Most fees will increase on April 1, 2009. Some fees will increase on dates determined by the individual departments.

This document summarizes and lists the various fees and charges and the revenue impact by department. The fee listing is provided for the convenience of readers. Where accuracy is critical please contact the department responsible for the fee or official regulatory and legislative sources.
