

FEBRUARY BULLETIN

OSTOMY SUPPLIES BENEFIT LIST

The Ostomy Supplies Benefit List has been reviewed and new products have been added. Please refer to the Miscellaneous Section of the enclosed January 2006 Nova Scotia Formulary for the current benefit List.

Please note that some previously delisted products have been re-established as benefits with new PINs assigned, in particular:

- irrigation sleeves
- convex inserts
- stoma caps
- closures

MAXIMUM ALLOWABLE COST LIST

Enclosed is a copy of the new Maximum Allowable Cost (MAC) List, **effective February 15, 2006**. Please note that the prices underlined are effective February 15, 2006 and reflect a change in the acquisition cost of the lowest priced brand.

Listed below are MAC categories for which the lowest priced brand is currently unavailable due to shortage by the manufacturer. *Effective immediately*, the products indicated below will be paid at AAC. As the lower priced brands become available the established MAC price will be reinstated. Notification of this will be provided via the Pharmacy Association of Nova Scotia (PANS) mass e-mail system.

Actual Acquisition Cost (AAC) will be paid for all *new* categories indicated by the black box, until February 15, 2006. Please see attached list of categories that have been removed from the MAC List.

ALLOPURINOL 200mg Tab	00479799	Apo-Allopurinol	APX	(Novo-Purol shortage)
ALLOPURINOL 300mg Tab	00402796	Apo-Allopurinol	APX	(Novo-Purol shortage)

MAXIMUM ALLOWABLE COST (MAC) LIST

The following **categories** have been removed from the MAC List. For those categories which have been removed due to discontinuation of one of the brands by the manufacturer, AAC will be paid for the products which have not been discontinued, effective **February 15, 2006**. For those brands which are no longer interchangeable, benefit status will remain unchanged and paid at AAC.
