## **MAXIMUM ALLOWABLE COST UPDATE**

---

A notification of changes to the Maximum Allowable Cost (MAC) and special MAC pricing policy was provided in the December 2006 Pharmacists' Bulletin (Vol. #06-15). Discussions with the Pharmacy Association of Nova Scotia regarding the scope and implementation of this policy began in January 2007 and are still ongoing. We anticipate completing these discussions and being able to provide you with details prior to April 1, 2007. The existing MAC list (effective January 15, 2007) will remain in effect until further notice.
