

**Recommendation to the Cancer Systemic Therapy Policy Committee (CSTPC)
from Capital District Health Authority/*Cancer Care Nova Scotia***

**Guidelines for the Role of Sunitinib in Advanced
Gastrointestinal Stromal Tumor (GIST)**

Approved Use:

Sunitinib: As a **single agent** for the treatment of advanced GIST patients after failure of imatinib due to intolerance or resistance.

- This policy recommendation represents a **new guideline document** and a restriction of sunitinib for the treatment of advanced GIST patients after failure of imatinib due to intolerance or resistance.
