

**Cancer Systemic Therapy Policy Committee  
Nova Scotia Department of Health  
APPEAL FORM**

- An appeals process is a fundamental component of a procedurally fair process. As part of its commitment to its many stakeholders including the public, the Cancer Systemic Therapy Policy Committee has developed an appeals process which is consistent with the Committee's established process values: inclusiveness, collaboration, accountability, transparency, consistency and procedural fairness.

<b>Name of person submitting the appeal</b>	<b>Address</b>
<b>Phone/E-mail</b>	<b>Date appeal submitted</b>

Decision being appealed:

---

---

---

An appeal must be based on a claim of one or more of the following: Please check all that apply.

- New relevant clinical evidence is available that was not available when the drug was last reviewed, e.g., newly published research findings
- There has been a significant reduction in the cost of the cancer drug/therapy that is sustainable over time
- There was a specific, significant error(s) in the use of the decision making framework

A detailed explanation for each checkmark above must be submitted with this appeal. New clinical evidence and evidence of price change needs to be attached in order to process the appeal. Information regarding the Deputy Minister of Health's decisions, the '3E' Decision Making Framework developed and used by the Committee, and this appeals process can be found on the DoH website.
