To Readers:

This is the 86th issue of the Sectional Index to Nova Scotia regulations. It includes all current regulations. This issue incorporates N.S. Reg. 192/2013 to N.S. Reg. 259/2013, which were published in issues 9 to 15 of volume 37 of the *Royal Gazette Part II*. This issue replaces the 85th issue published in May 2013.

Please note: The Sectional Index is available in electronic format on our website at the following location: <<http://www.gov.ns.ca/just/regulations/secindx/>>. The Sectional Index is prepared for convenience of reference only and does not have legislative sanction. For official purposes, always consult the original documents.

Our website also includes a current listing of regulations pursuant to their enabling statutes, most of which are linked to full-text HTML versions of our unofficial consolidations. The site also contains unofficial copies of the *Royal Gazette Part II* (2002 to present; tables of contents only, 1996-2001) in Adobe PDF, and the annual index of the *Royal Gazette II* (1996 to present). The official (print) version of the *Royal Gazette Part II* is available by subscription.
