Acknowledgements

The authors wish to thank Susan Corning (Susan Corning Communications & Graphic Design) for her expertise and many hours spent bringing our field work and ideas to publishable form. We are indebted to Lawrence Benjamin and Pamela Mills (NSDNR Wildlife Division) for their assistance in VT fact sheet preparation. A special thanks goes to Catherine Turner-Robert (NSDNR Forestry Division) for her preparation of the distribution maps.

Finally, we thank all our forestry colleagues inside and outside of NSDNR who have contributed to field work, promotion and use of FEC throughout the province. Your enthusiasm and support is very much appreciated.
