

Nova Scotia Small Game Report Card 2008

Please enter your
9 digit Wildlife
Resources Card No.
(WRC) here

Please complete this card following your final hunting trip for small game (rabbit, grouse, pheasants, ducks) or after the last day of February.

- Check here if you did **not** hunt any small game. Check here if you **hunted** upland game (rabbit, grouse, pheasants).
- Check here if you hunted geese. Check here if you hunted woodcock or snipe.

Check if you hunted ducks: In Freshwater In Saltwater In Salt Marsh

List Counties Where You Took Upland Game	List below number of upland game you killed in each County		
	Snowshoe Hare (Rabbits) by hunting	Rabbits with snares	Ruffed Grouse (Partridge)
			Ring-necked Pheasant

Number of Days Hunting In All Counties
Snowshoe Hare (Rabbit)
Snaring Rabbit
Hunting Grouse
Hunting Pheasant
Hunting Woodcock
Hunting Snipe
Hunting Geese
Hunting Ducks in Freshwater
Hunting Ducks in Saltwater
Hunting Ducks in Salt Marsh

On the basis of your observations, how plentiful do you feel the following animals are in your area?

- N No opinion Ruffed Grouse
- 0 None Snowshoe Hare (Rabbits)
- 1 Low Pheasants
- 2 Medium
- 3 High
- 4 Very High

Name (please print)

Signature of Licensee

County of Residence

Notes: It is mandatory to submit this return by March 15.

You may also submit your Small Game Report Card via the internet at <http://www.gov.ns.ca/natr/wildlife/doc/smgmwastr.htm>

- Enclosed is the required fee of \$40.00 payable to TANS.
- I plan to attend the Fur Harvester Course, **or**
- I am purchasing this manual as a reference guide only.

1. If you do not have a telephone please indicate a telephone number where you may receive a message.

2. **Applications received after August 15th will be processed during the next year.**

3. Receipts will be provided.

Applicants Responsibility

When the course date and location has been determined all applicants will be notified and instructed to respond to confirm course attendance or inability to attend. Failure to respond will result in the applicant's name being removed from the list, at which time the applicant must reapply, including payment of the appropriate fee for any future courses.

Ensure this application is properly completed.

When notified where course is to be held you will be responsible for all travel expense to attend the course.

Upon receipt of manual, which will be forwarded to you when you register for a course, be sure that

you read the manual and complete the student review questions, which you must pass in to the instructor at the beginning of the course.

If by September 12th you are not notified of the Fur Harvester Course, then inquires should be directed to the Trapper Education coordinator for T.A.N.S. Robie Mosher at 7 Parker St., Apt. 72, Dartmouth, NS B24 4A5 or by phone at (902) 434-5133.

Note: Neither the Department of Natural Resources nor the Trappers Association of Nova Scotia will be liable in the event of any injury or accident sustained while attending this course.

2008 Bear Hunting Report Form

Enter your Wildlife Resources Card Number (9 digits): ____/____/____/____/____/____/____/____/____

Enter your Bear Hunting Stamp number: 08-____

Check here if you bought a Bear Hunting Licence but **did not hunt** bear in 2008

List Counties in which you hunted bear	Number of days you hunted with a firearm	Number of days you hunted with a bow

How many bears did you observe while hunting?

Cubs _____ Adults _____ Guide's Signature and Licence Number (if applicable) _____ Signature of Licencee _____

As required by law: 1. All bear hunters must submit this return by December 22, 2008 even if there was no kill. Submit by mail or online at <http://www.gov.ns.ca/natr/wildlife/doc/bearhunting.htm>

2. All successful bear hunters must submit the bear skull or jaw to a Department of Natural Resources office by December 22, 2008 for extraction of a premolar tooth (to determine bear age). If you are interested in knowing the age of the bear you harvested in 2007, call your local DNR office after September 2, 2008. You must provide your 2007 Bear Snaring Stamp no. or Wildlife Resources Card no.

Accidental Harvest 2008

Wildlife Resources Card No. (9 digits) _____ / _____ / _____ Date _____

Species	Location	Time of Day	Date	Signature	Received by

It is recommended that you keep this form in a waterproof container, such as a Zip lock bag, along with your licenses, to keep it clean and dry. **See reverse for more information.**

2008 Accidental Harvest Form

When a trapper catches an animal to which he/she is not entitled (i.e. animals over your legal bag limit or those which are completely protected or for which the season is closed) the trapper is left with three options.

1. The first is to release the animal alive back into the wild.
2. The second would be to leave the animal at the trap site until such time that the Department of Natural Resources has been notified and direction received from DNR staff as to how to handle the animal in question (outside of normal DNR office hours, you may contact 1-800-565-2224).
3. The third alternative available to trappers is to complete a copy of the Accidental Harvest Form which is part of this card. This form must be completed at the trap site, prior to taking possession of and transporting any animal taken to which you are not entitled. If you catch more than one such animal (even on the same day), each animal must be recorded as a separate entry. Upon arriving at your place of residence you must report your catch to a DNR office, either the local Area office or, if outside normal office hours, the toll free number (1-800-565-2224). When calling you should report what you have in your possession, time of day, date and location of capture.

Once a trapper uses the form and has notified a DNR office that an animal has been taken and the form completed, arrangements need to be made to deliver the animal to a local DNR Area office. At the time of delivery, a DNR staff person will sign in the space provided under the column marked 'Received by' to acknowledge having taken possession of the animal/s. Department staff will ensure that all regular carcass information is obtained and the appropriate metal tag is attached.

Any species which are inadvertently caught and recorded on this form must still be reported in the appropriate column on the Furharvester Report Form (found in the 2008 Nova Scotia Hunting and Furharvesting Licence and Summary of Regulations booklet and/or on the DNR website), which all furharvesters must submit following the end of the furharvesting season.
