

*Nova Scotia Department of Natural Resources  
Ministerial Land Transactions Regulations Annual Report 2010-2011*

---

The Department of Natural Resources is responsible to administer Crown land province-wide through authority granted under the *Crown Lands Act*, the *Land Titles Clarification Act* and other legislation. The *Ministerial Land Transactions Regulations* were introduced in March 2005 pursuant to Section 6 of the *Court and Administrative Reform Act* to streamline land administration processes, reduce red tape and improve the delivery of services to the public and business. Through these regulations, authority to complete certain land transactions was delegated to the Minister of Natural Resources. These transactions include acquisitions under \$100,000 in value, disposals of land or interests in land under \$25,000 or 10 hectares and the issuance of certificates to release the Crown's interest in up to 200 hectares of land.

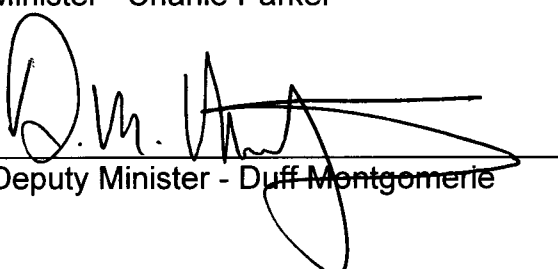

The regulations have eliminated the requirement for the Minister to obtain Cabinet approval for many transactions, however the Minister must still give one week's notice to the Cabinet of the sale of any land or disposal of any interests in land. The *Ministerial Land Transactions Regulations* also require the Department of Natural Resources to give public notice of acquisitions and disposals made by the Minister under the regulations through an annual report. This is the Annual Report of the Department of Natural Resources, for the fiscal year 2010-2011, prepared pursuant to the *Ministerial Land Transactions Regulations*.

In 2010-2011, the Department of Natural Resources used the processes outlined in the *Ministerial Land Transactions Regulations* to complete 12 land purchases including land adjacent to parks, wilderness areas and other Crown land to gain much-needed coastal access; land to increase the Province's inventory of forested Crown land; land needed to protect important species of plants, waterfowl and other wildlife; and land to provide recreational opportunities to Nova Scotians. In addition, purchases were made under the Forestry Transition Land Acquisition Program to support viable forestry companies by buying parcels of industrial forest land that are considered by the companies to be surplus to their needs. In total, the province purchased 378.5 hectares or 935 acres of land for \$421,851 using these regulations.

In 2010-11, the province use the *Ministerial Land Transaction Regulations* to complete 28 disposal transactions, selling approximately 2 hectares or 5.4 acres of land for a gain of \$50,954.78 in revenue for the province. These transactions consisted of grants of small infills to adjacent owners such as fish plant operators; and deeds to clarify ownership for various non-profit organizations, individuals and companies with buildings abutting Crown land boundaries. The disposal transactions also include a number of easements to provide access and utilities to private landowners; leases to support vital economic activity such as wind energy generation and broadband communication; leases to non-profit organizations and municipalities for tourism and public recreation purposes and transfers to the Government of Canada for the future expansion of federal marine facilities.

The transactions completed in 2010-11 under the *Ministerial Land Transaction Regulations* have allowed the province to increase the amount of Crown land available for the benefit of all Nova Scotians, while at the same time have authorized the department to use and disposal of small amounts of Crown land for economic, recreational and community benefit. The attached table sets out the details of the 2010-11 transactions.

  
Minister - Charlie Parker

  
Deputy Minister - Duff Montgomerie

**2010 - 2011 Annual Report of Acquisitions and Dispositions  
Made by the Minister of Natural Resources  
Pursuant to the Ministerial Land Transactions Regulations**

<b>Crown Lands Act Reference</b>	<b>Client Name or Interest Holder</b>	<b>Location</b>	<b>Area of Land</b>	<b>Type of Transaction</b>	<b>Reason for Transaction</b>	<b>Price</b>
