

ACKNOWLEDGMENTS

I gratefully acknowledge the following people at the Mines and Minerals Branch of the Nova Scotia Department of Natural Resources: John Fowler and Gordon Adams for their support of the project, Susan Saunders for word processing, Joe Campbell and the drafting section for the preparation of the figures, Kathy Mills for editing, Howard Donohoe for consultation, the Core Library staff for their assistance during the logging of the core and the staff of the Drill and Mechanical Section for the implementation of the drilling project.

I also thank the property owners on whose land I drilled for their cooperation and assistance.

Finally, a special thanks to Harry Avery, Jim Hayes, George MacLeod, Earl Standing and Vernon Talbot of the Nova Scotia Department of Natural Resources drilling staff for their role in making this drilling project a success. Their knowledge, skill and cooperation were sincerely appreciated.

Any errors or omissions in this report are the sole responsibility of the author.
