DNR Strathlorne Forest Nursery (Garage)	Strathlorne	Inverness	2		1	
DNR Strathlorne Forest Nursery (Supervisor Res. Basement)	Strathlorne	Inverness	1	1		

Note: The Department of Natural Resources has offices and staff in the Provincial Building, Bridgewater. That building was tested for radon in 2007-2008 as part of testing carried out by the Nova Scotia Department of Transportation and Infrastructure Renewal on buildings maintained by them. All rooms tested in the Bridgewater Provincial Building returned levels of radon below 200 Bq/m³. Interested parties are referred to TIR's report for results from that building.
