Re: Lake Major Dam Replacement- Environmental Assessment

To Whom it May Concern:

Strum Consulting has been retained by Halifax Water to prepare and register the Environmental Assessment document with Nova Scotia Environment for the Lake Major Dam Replacement Project. They are acting on our behalf and have our authorization to do so.

The project is being funded through contributions from the Halifax Water Capital Budget, Government of Nova Scotia and Government of Canada through the Clean Water and Wastewater Fund (CWWF).

Sincerely,

A handwritten signature in blue ink that reads 'Jonathan MacDonald'.

Jonathan MacDonald, P.Eng
Project Engineer – Water Infrastructure
