## Registration of Undertaking for Environmental Assessment ENVIRONMENT ACT

This is to advise that on July 14, 2008, Stericycle, Inc. registered a Modification of Biomedical and International Waste Treatment Facility for environmental assessment, in accordance with Part IV of the Environment Act.

The purpose of the undertaking is to transfer and treat 'yellow bag' biomedical waste generated in New Brunswick, Newfoundland and Labrador, and Prince Edward Island at Stericycle's facility in Dartmouth. As well, Stericycle proposes to transfer dental waste from the Atlantic Provinces to an approved recycling facility within Nova Scotia. The proposed project will commence upon receipt of the applicable approvals and authorizations and go into service late August of 2008.

Copies of the environmental assessment registration information may be examined at the following locations:
