

Watercourse Alteration

Public List of Certified Professionals

Depending on the complexity of your watercourse alteration project, you may require a Watercourse Alteration Sizer and/or a Watercourse Alteration Installer. Please check the following documents for more information about when you need a certified professional: [What are the Qualifications? Quick Reference](#) and [Guide to Altering Watercourse](#).

This list is organized by counties in Nova Scotia. The end of this list includes certified professionals who work in multiple Nova Scotia counties, and those who also work in Nova Scotia but are from another Province or Territory.

Annapolis County

David Bent, Sizer and Installer

Robbie Bent Excavating Ltd.
1748 HWY 201, Annapolis Royal
P: 902-532-5620
