

Annex 6-D: Immunization Team “In-A-Box”

The concept of a “team in a box” can be adapted to meet the needs of the population to be immunized, the size of the immunization facilities, and so on. It has been formulated to immunize 2,500 people per day during an eight-hour shift at one site.

- 1 nurse team leader
- 20 certified vaccine providers: to carry out screening, medical assessment, addressing questions, immunizing, and medical management of adverse events
- 8 volunteers: 1 greeter, 4 for registration, 2 for directing traffic flow, 1 runner
- 2 clerical staff: 1 to maintain supplies at stations, 1 to collect data
- 2 security people (minimum)

** Adapted from *BC Pandemic Influenza Preparedness Plan*.
