

Regional Clinics

For employees outside HRM you can get your H1N1 and seasonal immunizations through Transportation and Infrastructure Renewal (TIR) Clinics. TIR Regional Coordinators are scheduling their clinics now and both vaccines will be available. If you are interested in receiving your immunization through a regional TIR clinic, please contact a TIR Coordinator nearest you.

Below is a list of TIR Regional Coordinators.

TIR – Influenza Clinic Coordinators

TIR – OH&S Specialist – keddybm@gov.ns.ca
