

Applicants 2007

#	Municipality	Project / Service Title	Project/Service Summary
1	Annapolis Royal, Bridgetown, Middleton, & County of Annapolis	Annapolis County Active Living Strategy	A cooperative partnership among four municipal units to educate and inspire citizens of all ages to increase their daily physical activity enough for health benefits, and provide opportunities for fun, meaningful active recreation pursuits, thus increasing quality of life. The NS Department of Health Promotion & Protection, the Annapolis Valley School Board and Annapolis Community Health Board as well as other partners have assisted with this initiative. <i>Club 400 - The Order of Active Living</i> is the flagship of the <i>Annapolis County Active Living Strategy</i> .
2	District of Guysborough	Multi Region, Sustainable Waste Management Partnership Solution	A long term innovative partnership developed between the Municipality of the District of Guysborough and the 16 surrounding Municipal units. This Partnership allows for the provision of solid waste services that is cost effective, sustainable and fair for all parties by way of a 20 year agreement in which both the risks and rewards are shared by all municipal partners.
3	Municipality of Inverness & Port Hawkesbury	Regional Water & Wastewater Facility	Two municipal governments working cooperatively to achieve a singular solution by way of an Inter-municipal Services Agreement to a shared problem, results in infrastructure upgrades - a new regional wastewater treatment facility and extension of a water distribution system into a new community, with benefits to the citizens, the region; and most importantly, our environment.
